

GOOD ROADS BOND ISSUE IS BURIED IN HOUSE

BILL HAS CAUSED MUCH DISSENSION IN LEGISLATURE

FIRST FIGHT IN HOUSE STARTED TODAY OVER AMENDED DRY BILL

SO-CALLED WET LEADERS DECLARE THEY WILL SEE THE BILL THROUGH

St. Paul, April 18.—With the good roads \$20,000,000 bond issue virtually dead and buried in the house, representatives today set out to devote closing hours of the session to other arguments.

The first fight in the house today started when Representative W. I. Norton, anti-saloon league attorney, moved to side-track business then before the house and take up measures from the senate, including an amended dry bill. He lost and later repeated the move, and lost again.

So-called wet leaders declared they would see the fight through until abandonment of the bill was forced. The present dry bill is designed to amend and make drastic the present state prohibition enforcement law.

As the session moved toward the closing hours—midnight tonight—members of both houses declared they never went through a "more dissention" session.

The good roads bond issue bill has caused more dissension than any other bill.

Jockeying in both houses failed to revive the bond issue and it looked today as if it would die unaided. The last hope faded out late yesterday when the senate after a long fight refused to recall the bill from the house by a vote of 32 to 33. If the bill had been recalled from the house it would have permitted a move in the lower branch to take the essentials of the measure and tack on to the highway administration bill by a majority vote with a good chance of passing it that way.

As the senate roll was called today, each member was permitted to make action on one pet measure. Decision was expected to continue right up to the closing hour for business.

In the house, Representative Nolan, speaker, declared he would not stand for turning the clock back at midnight—a practice generally used to secure more time. After business is concluded tonight, the session to all practical purposes will end. Both houses will meet at noon tomorrow to formally adjourn.

The legislature has established a record for tying up important measures in the final hours. The record of inaction will be greater than the record for action, according to a survey of the files.

Among the bills passed this session are:

Creating a state rural credits department with authority to loan \$40,000,000 the next two years to Minnesota farmers.

Prohibiting powdered milk.

Providing for election registration in St. Paul, Minneapolis and Duluth at the offices of city clerks.

Increasing motor vehicle speed on country roads from 25 to 30 miles an hour.

Permitting married women running for office to use the prefix "Mrs." and husband's full name or initials on ballot.

Requiring candidates for county surveyor to be nominated at primary elections.

Increasing state appropriations from \$35,000,000 to \$41,000,000.

Prohibiting manufacture of oleomargarine in Minnesota.

Increasing police pensions in St. Paul to \$70.00 a month.

Doubling wolf bounties.

Levying a six per cent royalty tax.

Providing stringent regulation for dance halls.

GOOD ROADS BUILDING NOT HALTED IN STATE

St. Paul, April 18.—The good roads building will not stop in Minnesota as a result of the death of Commis-

Wilson Now Head of Democratic Strategy Board

STEVENS MAY BE THE 'GOAT' IN \$2,000,000 STOLEN BOND CASE

(By United Press) Minneapolis, April 18.—Alleged threats by Stanley McCormick to make A. W. Stevens the "goat" in the \$2,000,000 stolen bond case now being tried here were heard in federal court today. McCormick told me it would go hard with me if I widened my memory in testifying against him in federal court," Stevens told the jury.

Full reports of Mrs. Stevens' purported conversations with McCormick were to be demanded by the defense counsel late today.

NEW TALES OF ATROCITIES CLAIMED

(By United Press) Tallahassee, Flor., April 18.—New tales of alleged atrocities in Florida convict camps were to be unfolded by eye witnesses here today in the investigation by the joint legislative committee of the death of Martin Tabert, North Dakota boy. Tabert was beaten unmercifully by Walter Higginbotham, convict "boss" at the Putnam lumber camp at Clara, A. B. Shivers, ex-guard at the prison camp told the committee. Higginbotham was indicted for murder in connection with the boy's death.

"I saw Higginbotham flog Tabert with a heavy lash," Shivers testified. "He struck the boy at least fifty times with the lash, and when Tabert cowered under the blows, placed his foot on his neck and beat him some more."

After the youth's body had become a mass of raw welts from the beating, the "whipping boss" beat him over the head and shoulders with the heavy butt of the whip, the witness said.

After the boy's death, Higginbotham superintended the arrangements for his burial. Shivers told the legislators.

"He placed one of his own shirts on the body. I furnished a collar and a pair of trousers."

Body Was Mass of Bruises

Tallahassee, Flor., April 18.—Martin Tabert's body was a mass of bruises when "whipping boss" Walter Higginbotham finished flogging him in a convict camp, John Gardner, ex-prisoner, today told the legislative committee investigating the death of the North Dakota youth.

"Tabert's bunk mates had to assist him to his quarters and undress him," Gardner testified.

"Blood was streaming from half a hundred ugly wounds."

Gardner was an inmate of the Putnam lumber company's lumber camp where Tabert died from alleged brutal treatment.

"The day after the whipping, Tabert was very ill," the witness continued.

"When he failed to get up he was forced to dress and appear in the mess hall for breakfast. He couldn't eat and was sent back to his bunk."

"Negro attendants were told to force quinine down his throat but he couldn't keep it down. He was too sick. He was suffering great agony, but no doctor appeared to attend him."

Gardner testified that he himself had been beaten three times at the Putnam camp. At no time were less than thirty blows given, he said.

Senator Babcock's \$20,000,000 ten year program, it was pointed out today.

The legislature provided taxes which will permit the continuation of highway construction.

The senate adopted the joint conference report today on the motor vehicle tax bill and the house was ready to follow suit. An extra million dollars will be made available as the result of a change in taxation, according to Senator Brooks.

He said the new auto tax schedule will net the state \$7,100,000 a year.

This year the state realized only about \$5,500,000. The revised tax schedule keeps the \$12 minimum on small cars, but heavier taxes are provided on motor trucks.

PROSPECTS LOOM FOR A SPECIAL SESSION IN JUNE

PROVIDING SUPREME COURT CALLS TONNAGE TAX UNCONSTITUTIONAL

SENATE BY VOTE DECLARED ITSELF FAVORABLE TO CALLING EXTRA SESSION

(By United Press)

St. Paul, April 18.—Prospects loomed strong today for a special extra session of the legislature some time next June.

If called by Governor Preus, it will be to remodel the state tonnage tax law to make it bullet proof. It will be called only if the United States supreme court declares the tonnage tax law unconstitutional.

Senator James A. Carley introduced a joint house and senate resolution today requesting the governor in case the supreme court so acts as to make it necessary to call such a special session. He explained it was simply an expression of the senate's opinion because the governor might want to know when the time came whether the legislators were willing to meet again. The resolution was passed and is expected to pass the house just as easily before the session ends at midnight.

Prospects of a special session were hailed by friends of the Minnesota good roads program as offering another chance to fight for the \$20,000,000 bond issue bill, strangled in this session by a house minority.

They believe that when the legislators have returned home some of them may relax in their bitter opposition.

End of Carley Investigation

Closing down of the legislature tonight will ring down the last curtain on the senate investigation started by Senator J. A. Carley of political campaign expenditures.

His resolution to carry on the investigation throughout the interim until the next legislative session was introduced in the senate today but referred to the rules committee.

Its burial there was considered a 100 to 1 certainty.

The same fate was assigned to objections by Senator Mike Boylan to Governor Preus' reappointment today of Garfield W. Brown as state public examiner and by Senator Carley to reappointment of Otto Diecks to the state forestry board.

FRICTION BETWEEN FRANCE-TURKEY

PRUSSIAN AND ARMENIAN ARE FLEEING FROM ALEXANDRETTA

(By United Press)

Constantinople, April 18.—Prussians are fleeing from Alexandretta owing to strained relations between France and Turkey, according to the official Anatolian News Agency. Five hundred Armenian families already have departed from the city. An outbreak is feared as a result of recent disagreement, including that over the Chester concessions to the United States against which the French have protested to Turkey.

A band of fifty Armenians from Syria attacked a Turkish village in the Adana district, according to the news agency. Turkish detachments "rushed up and destroyed the attackers" the report states. The Turks at Angora wait in a mood of restrained belligerency as time for the resumption of the Lausanne conference draws near. Ismet Pasha arrived here today for a conference with the allies on the subject of the Chester scheme before going to Lausanne.

FLATTER MEN AND BE 'MYSTERIOUS' TO WIN 'EM, GIRLS ADVISED

Chicago, April 18.—"If you would win a man, girls be mysterious and reserved. If you must 'chase' a man, as every girl has to do sooner or later, use your womanly wiles to make him think he's doing the chasing."

There, in a nutshell, lies the secret of conquest, as revealed by Professor Maurice C. Lipman of Crane and Marshall high schools, who spoke at the Temple Judea on the subject of "The Psychology of Love."

Professor Lipman addressed an audience of flappers and shiny haired sheiks, telling his youthful hearers how to be happy though married.

He then gave the flappers some inside information, coldly psychological, on how to win a man—and hold him.

Briefly his pointers were: Flatter them, girls. They love it. Men are 50 per cent vain than women.

Get them to talk about themselves. Believe every word they say in openmouthed wonder.

Be economical and impress him by refusing taxis, etc. Make your man think he knows it all. All of us are a bit imperfect, but a woman can make her home life happier if she lets her husband imagine he's wonderful, whether he is or not.

Never tell a man all about yourself. Keep an air of mystery about you and he, in his effort to know more about you, will fall all the deeper in love.

Don't be too bold, or man's hunting instinct will wane. Always keep him "grasping."

"Real companionship doesn't come until after marriage," Professor Lipman said. Too often a young couple will say after a night in a good show what wonderful pals they would make. It is easy to be pals in a beautiful theater. To be pals in a kitchen apartment is another thing."

ON TOP OF WORLD IN REGARD TO NEW AERIAL RECORDS

LIEUTS. MACREADY AND KELLY, PREMIER AMERICAN FLIERS, IN ENDURANCE FLIGHT

T-2 NAVIGATED THE AIR 36 HOURS AND 5 MINUTES, BEATING FRENCH FIGURES

Dayton, Ohio, April 18.—Lieutenants John A. Macready and Oakley Kelly, premier American fliers have placed the United States army air service "on top of the world" so far as aerial records are concerned, and will shortly seek more honors in the giant army monoplane T-2. It was learned at McCook field today. An ocean to ocean flight of the same plane which carried them into a series of new titles is in prospect for the pilots, according to McCook field officials today.

The T-2 which landed at 9:43 p. m. Tuesday after setting up a new endurance record of 36 hours, five minutes, was declared to be in excellent condition. Its motor did not miss an explosion throughout the flight.

IRELAND GAINS RECOGNITION TODAY

(By United Press)

Geneva, April 18.—The government of Ireland was granted recognition as an international entity for the first time by action of the council of the League of Nations today. The council decided to send an invitation to Ireland as well as the United States and Germany to attend the international conference, which is to be held October 15th.

France made the motion which constituted Ireland's first official international recognition as a separate state. Other non-members of the league were also invited.

RAILROAD WORKERS DESIROUS OF PAY INCREASE, REPORTED

RECENT INCREASES TO EMPLOYEES IN STEEL, PACKING AND BUILDING TRADES

PLUS GENERAL LABOR SHORTAGE CAUSES FEELING FOR WAGE INCREASES

(By United Press)

Chicago, April 18.—Railroad workers of the country believe they are next in line for pay increases. Representatives of more than 2,000,000 railroad workers are preparing to go before the United States railroad labor board and demand an increase to the 1921 pay.

Recent heavy increases in railroad business have placed the companies in a financial position to meet an advance in pay, union leaders contend.

The railroad workers believe recent increases to employees in the steel, packing and building trades industries as well as the general labor shortage will force the management to agree to their demands.

Some of the railroads were reported considering negotiating with "company unions" set up following the shopmen's strike last summer and arranging increases thus forestalling an appeal to the labor board.

INTERSTATE COMMERCE COM. SEEKS TRANSPORTATION DATA

Washington, April 18.—The interstate commerce commission today started a nationwide investigation of transportation conditions. In a questionnaire sent to more than 100 railroads, the commission asked complete information on traffic, equipment and labor conditions and anything relating to general operation, including "the condition of the carriers growing out of labor troubles". Replies to the questionnaire were requested by May 25th.

STEAMER GIVES THE S O S SIGNAL

(By United Press)

Key West, Flor., April 18.—The steamer giving her name as the TonaJohnz is in distress in the Florida Straits off here, according to meager S. O. S. calls received today.

The steamer Monterey was notified and is speeding to the assistance of the TonaJohnz. The ship is not listed in the Lloyd's registry and is unknown in shipping circles here.

MARKET REPORT

(By United Press)

South St. Paul Livestock

South St. Paul, April 18.—Estimated receipts at the union stockyards today: Cattle, 2,400; calves, 2,800; hogs, 4,500; sheep, 300; cars, 255.

Cattle—Beef steers, \$6.25 to \$8.50; cows and heifers, \$4.50 to \$8.25; canners and cutters, \$2.75 to \$4; butcher bulls, \$4 to \$4.75; veal calves, \$4 to \$8.25; stock feeding steers, \$4 to \$8.25.

Hogs—\$6.75 to \$8.10.

Sheep—Lambs, \$9.50 to \$14; ewes, \$3 to \$9; wethers, \$7.50 to \$10.25; yearlings, \$9 to \$12.50; bucks, \$5 to \$5.50.

St. Paul Hay Market

Timothy—No. 1, \$20; No. 2, \$17; No. 3, \$15.

Alfalfa—Standard, \$25; No. 1, \$22.50; Clover Mixed—No. 1, \$17; No. 2, \$13; Midland Hay—No. 1, \$13; No. 2, \$10; No. 3, \$8.

Chicago Potato Market

Chicago, April 18.—Receipts 344 cars. Minnesota white varieties, sacked, \$1.30 to \$1.35; Wisconsin Round Whites, sacked, \$1.50 to \$1.55; bulk, \$1.60.

PRICE WAR RAGES IN GASOLINE; 16 1/2c A GAL. IN KANSAS CITY

(By United Press) Kansas City, Mo., April 18.—A price war threatened here today following the third reduction in the retail price of gasoline in a month.

The second cut in two weeks came today when the Standard Oil company reduced gasoline to 16 1/2c a gallon.

Two other reductions of 1c previously have been made. The announcement of the Standard Oil company was followed by statements that other filling stations would meet the new prices.

DANCE RECORD NOW RESTS IN CLEVELAND

(By United Press) Cleveland, Ohio, April 18.—The record for continuous dancing, flitting from "champion to champion" almost hourly, rested in Cleveland again today.

Miss Magdalene Wolf at 8:46 a. m. passed a mark of 68 hours, 40 minutes claimed by Miss Vera Shepard, New York motor truck dancer. She previously broke the record of 66 hours and 6 minutes set by Miss Magdalene Gottschick here yesterday.

Four other girl dancers are only a few hours behind Miss Wolf, each one declaring she will outlast the others and be the final record holder.

James Casey quit this morning after setting a record of 67 hours and one minute for male dancers.

Magdalene Wolf, who began at noon Sunday, kept on dancing.

Miss Wolf Dances 73 Hours

Cleveland, Ohio, April 18.—Miss Magdalene Wolf set a new record for continuous dancing here today. She had danced 73 hours when she stopped at 1 p. m. Miss Wolf started dancing at noon Sunday.

PRUSSIAN MONARCHS SEEKING NEW POWER

(By United Press)

Bloomington, April 17.—Prussian monarchs are preparing a final stroke for restoration of the German empire under the house of Hohenzollern, Garland W. Powell, director of Americanism in the American Legion declared in a speech to the Kiwanis club here today.

"Boats carrying hundreds of Prussian reservists have been and are now enroute from the United States to Germany," Powell said.

Americans in Europe have notified the Americanism commission Powell asserted, that the military spirit is on the ascendancy in Berlin.

"Former German officers are strutting the streets in much the same manner as in the summer of 1914, and American observers characterized the German capital as a city preparing for war," he declared.

"Americans in Berlin have reported they are accumulating stocks of food stuffs in preparation for scarcity of provisions expected when war breaks out."

With Von Hindenberg as their national leader, I believe that the Prussians are preparing for war against the French. This warlike spirit does not exist in west and south Germany. In Essen and occupied districts of western Germany the people do not want war.

That is why Berlin was obliged to send Prussian officials into the Ruhr to try to stir up the people until the French forbade their entry.

"The drama of the Ruhr is not that of resistance to France; it is that of resistance of Prussia. The Bavarians, Westphalians and Saxons are beginning to recognize that Prussia is no longer the master of Germany's destiny, but Berlin cannot give up her dreams of world conquest. American people should beware of that element of German-Americans who are far more German than the Germans themselves."

HEADS FIGHT ON HARDING WORLD COURT PROPOSAL

WILSONIAN PLAN IS TO FORCE PRES. HARDING TO CHOOSE BETWEEN TWO PLANS

FIGHT CENTERS ON HARDING-HUGHES RESERVATION TO COURT PROTOCOL

(By United Press)

Washington, April 18.—Woodrow Wilson has assumed active direction of democratic strategy in the fight on the Harding world court proposal.

Wilson in conference with Senator Carter Glass and others has mapped out a program which if carried out will put Mr. Harding in a predicament like that which Wilson faced in the League of Nations in the senate.

The Wilsonian plan is to force Mr. Harding to choose between:

1. Unconditional American adhesion to the world court of the league of nations.

2. Defeat of his entire plan for American participation in the courts.

The fight will center on the Harding-Hughes reservations to the court protocol. Hughes submitted and Harding approved these reservations as protecting American rights and traditions and harassed the senate to ratify the protocol with the reservations.

As Wilson stated in his letter to Representative Rouse of Kentucky, he is opposed to membership on such restricted terms.

HEAVY PIG LOSSES LAID TO MARCH COLD

Sioux City, Iowa, April 18.—One and a half million young pigs were lost by farmers of Iowa, Nebraska, South Dakota and Minnesota as a result of the cold weather and storms which prevailed throughout the month of March, according to figures compiled by W. J. Kennedy, vice president of the Serum company. The greatest loss occurred in Iowa, where 800,000 pigs were lost, more than the combined losses of the other three states. Minnesota and South Dakota each lost 200,000 of the young porkers.

Creditors of Defunct St. Cloud Hotel to Unite

St. Cloud, Minn., April 18.—Formation of a \$15,000 corporation, composed of unsecured creditors of the Breen hotel, which is in the hands of a receiver, will be considered with the view of taking an assignment of all legitimate, unsecured claims and protests against the Granite City Investing corporation, which owned the hotel. These claims amount to approximately \$130,000, and involve 110 claimants, most of whom live in St. Cloud and the twin cities.

3 KILLED IN AUTO AND TRAIN CRASH

(By United Press)

Cincinnati, April 18.—Three persons were killed instantly and one may die as a result of a crash between a train and an automobile early today.

The dead: Dr. William Kratz, 28. Roland A. Meyer, 36. Mrs. William Bender, 25. The injured person is Mrs. Mary Nebbergall, 22, who suffered a scalp wound and concussion of the brain.

Carmen said the autoist piloted his machine directly into the oncoming train. The automobile, a roadster, was wrecked and its occupants buried through the windshield.

IRELAND GAINS RECOGNITION TODAY

(By United Press)
Geneva, April 18.—The government of Ireland was granted recognition as an international entity for the first time by action of the council of the League of Nations today.

The council decided to send an invitation to Ireland as well as the United States and Germany to attend the international conference, which is to be held October 15th.

France made the motion which constituted Ireland's first official international recognition as a separate state. Other non-members of the league were also invited.

RAILROAD WORKERS DESIRIOUS OF PAY INCREASE, REPORTED

RECENT INCREASES TO EMPLOYEES IN STEEL, PACKING AND BUILDING TRADES

PLUS GENERAL LABOR SHORTAGE CAUSES FEELING FOR WAGE INCREASES

(By United Press)
Chicago, April 18.—Railroad workers of the country believe they are next in line for pay increases. Representatives of more than 2,000,000 railroad workers are preparing to go before the United States railroad labor board and demand an increase to the 1921 pay.

Recent heavy increases in railroad business have placed the companies in a financial position to meet an advance in pay, union leaders contend.

The railroad workers believe recent increases to employees in the steel, packing and building trades industries as well as the general labor shortage will force the managements to agree to their demands.

Some of the railroads were reported considering negotiating with "company unions" set up following the shopmen's strike last summer and arranging increases thus forestalling an appeal to the labor board.

INTERSTATE COMMERCE COM. SEEKS TRANSPORTATION DATA

Washington, April 18.—The interstate commerce commission today started a nationwide investigation of transportation conditions.

In a questionnaire sent to more than 100 railroads, the commission asked complete information on traffic, equipment and labor conditions and anything relating to general operation, including "the condition of the carriers growing out of labor troubles." Replies to the questionnaire were requested by May 25th.

STEAMER GIVES THE S O S SIGNAL

(By United Press)
Key West, Fla., April 18.—The steamer giving her name as the Tonajohnz is in distress in the Florida Straits off here, according to meager S. O. S. calls received today.

The steamer Monterey was notified and is speeding to the assistance of the Tonajohnz. The ship is not listed in the Lloyd's registry and is unknown in shipping circles here.

MARKET REPORT

(By United Press)
South St. Paul Livestock

South St. Paul, April 18.—Estimated receipts at the union stockyards today: Cattle, 2,400; calves, 2,800; hogs, 4,500; sheep, 300; cars, 255.

Cattle—Beef steers, \$6.25 to \$8.50; cows and heifers, \$4.50 to \$8.25; canners and cutters, \$2.75 to \$4; butcher bulls, \$4 to \$4.75; veal calves, \$4 to \$8.25; stock feeding steers, \$4 to \$8.25. Hogs—\$6.75 to \$8.10.

Sheep—Lambs, \$9.50 to \$14; ewes, \$3 to \$9; wethers, \$7.50 to \$10.25; yearlings, \$9 to \$12.50; bucks, \$5 to \$5.50.

St. Paul Hay Market

Timothy—No. 1, \$20; No. 2, \$17; No. 3, \$15.

Alfalfa—Standard, \$25; No. 1, \$22.50; Clover Mixed—No. 1, \$17; No. 2, \$13; Midland Hay—No. 1, \$13; No. 2, \$10; No. 3, \$8.

Chicago Potato Market

Chicago, April 18.—Receipts 344 cars. Minnesota white varieties, sacked, \$1.30 to \$1.35; Wisconsin Round Whites, sacked, \$1.50 to \$1.55; bulk, \$1.60.

PRICE WAR RAGES IN GASOLINE; 16 1/2c A GAL. IN KANSAS CITY

(By United Press)
Kansas City, Mo., April 18.—A price war threatened here today following the third reduction in the retail price of gasoline in a month.

The second cut in two weeks came today when the Standard Oil company reduced gasoline to 16 1/2c a gallon.

Two other reductions of 1c previously have been made. The announcement of the Standard Oil company was followed by statements that other filling stations would meet the new prices.

DANCE RECORD NOW RESTS IN CLEVELAND

(By United Press)
Cleveland, Ohio, April 18.—The record for continuous dancing, flitting from "champion to champion" almost hourly, rested in Cleveland again today.

Miss Magdalene Wolf at 8:46 a. m. passed a mark of 68 hours, 40 minutes claimed by Miss Vera Shepard, New York motor truck dancer. She previously broke the record of 66 hours and 6 minutes set by Miss Magdalene Gottschick here yesterday.

Four other girl dancers are only a few hours behind Miss Wolf, each one declaring she will outlast the others and be the final record holder.

James Casey quit this morning after setting a record of 67 hours and one minute for male dancers.

Magdalene Wolf, who began at noon Sunday, kept on dancing.

Miss Wolf Dances 73 Hours

Cleveland, Ohio, April 18.—Miss Magdalene Wolf set a new record for continuous dancing here today. She had danced 73 hours when she stopped at 1 p. m. Miss Wolf started dancing at noon Sunday.

PRUSSIAN MONARCHS SEEKING NEW POWER

(By United Press)

Bloomington, April 17.—Prussian monarchs are preparing a final stroke for restoration of the German empire under the house of Hohenzollern, Garland W. Powell, director of Americanism in the American Legion declared in a speech to the Kiwanis club here today.

"Boats carrying hundreds of Prussian reservists have been and are now enroute from the United States to Germany," Powell said.

Americans in Europe have notified the Americanism commission Powell asserted, that the military spirit is on the ascendancy in Berlin.

"Former German officers are strutting the streets in much the same manner as in the summer of 1914, and American observers characterized the German capital as a city preparing for war," he declared.

"Americans in Berlin have reported they are accumulating stocks of food stuffs in preparation for scarcity of provisions expected when war breaks out."

With Von Hindenberg as their national leader, I believe that the Prussians are preparing for war against the French. This warlike spirit does not exist in west and south Germany. In Essen and occupied districts of western Germany the people do not want war.

That is why Berlin was obliged to send Prussian officials into the Ruhr to try to stir up the people until the French forbade their entry.

"The drama of the Ruhr is not that of resistance to France; it is that of resistance of Prussia. The Bavarians, Westphalians and Saxons are beginning to recognize that Prussia is no longer the master of Germany's destiny, but Berlin cannot give up her dreams of world conquest. American people should be aware of that element of German-Americans who are far more German than the Germans themselves."

HEADS FIGHT ON HARDING WORLD COURT PROPOSAL

WILSONIAN PLAN IS TO FORCE PRES. HARDING TO CHOOSE BETWEEN TWO PLANS

FIGHT CENTERS ON HARDING-HUGHES RESERVATION TO COURT PROTOCOL

(By United Press)
Washington, April 18.—Woodrow Wilson has assumed active direction of democratic strategy in the fight on the Harding world court proposal.

Wilson in conference with Senator Carter Glass and others has mapped out a program which if carried out will put Mr. Harding in a predicament like that which Wilson faced in the League of Nations in the senate.

The Wilsonian plan is to force Mr. Harding to choose between:

1. Unconditional American adhesion to the world court of the League of Nations.

2. Defeat of his entire plan for American participation in the courts.

The fight will center on the Harding-Hughes reservations to the court protocol. Hughes submitted and Harding approved these reservations as protecting American rights and traditions and harassed the senate to ratify the protocol with the reservations.

As Wilson stated in his letter to Representative Rouse of Kentucky, he is opposed to membership on such restricted terms.

HEAVY PIG LOSSES LAID TO MARCH COLD

Sioux City, Iowa, April 18.—One and a half million young pigs were lost by farmers of Iowa, Nebraska, South Dakota and Minnesota as a result of the cold weather and storms which prevailed throughout the month of March, according to figures compiled by W. J. Kennedy, vice president of the Serum company. The greatest loss occurred in Iowa, where 800,000 pigs were lost, more than the combined losses of the other three states. Minnesota and South Dakota each lost 200,000 of the young porkers.

Creditors of Defunct St. Cloud Hotel to Unite

St. Cloud, Minn., April 18.—Formation of a \$15,000 corporation, composed of unsecured creditors of the Breen hotel, which is in the hands of a receiver, will be considered with the view of taking an assignment of all legitimate, unsecured claims and protests against the Granite City Investing corporation, which owned the hotel. These claims amount to approximately \$130,000, and involve 110 claimants, most of whom live in St. Cloud and the twin cities.

3 KILLED IN AUTO AND TRAIN CRASH

(By United Press)

Cincinnati, April 18.—Three persons were killed instantly and one may die as a result of a crash between a train and an automobile early today.

The dead:

Dr. William Kratz, 28.

Roland A. Meyer, 36.

Mrs. William Bender, 25.

The injured person is Mrs. Mary Nebbergall, 22, who suffered a scalp wound and concussion of the brain.

Carmen said the autoist piloted his machine directly into the oncoming train. The automobile, a roadster, was wrecked and its occupants hurled through the windshield.

day. Mr. Wing has rented the Erickson farm on Mons lake, and Mr. and Mrs. Erickson, who have been living there during the winter will soon return to their home at Brainerd.—Long Prairie Leader.

While taking his new Hupmobile out of the Lively garage Tuesday afternoon, Subt. W. C. Cobb lost control of the car. It shot across the street and was brought to a stop after colliding with George Tracy's Chevrolet and a Ford belonging to Cliff Russell. A wheel was broken on each of these cars, but no damage is reported on the Hupmobile.

August N. Kriebs, of the Krieb's Fur Shoppe, at Hackensack, will show a line of furs at the Grandmeyer Hat Shop, 268 South Sixth street, April 19th, 20th and 21st of this week. Get an estimate on remodeling, repairing and relining of your old furs.

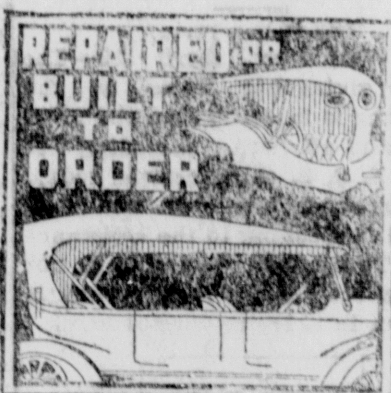

Wm. W. Watson, sales manager, and W. P. Perrigo, also a representative of the Burke & Farrar company of Seattle, Wash., are at the Ransford hotel for a few days. Their company has platted farms near Seattle, Wash., in a district advantageously situated for berry, chicken raising and dairying. They had very good results in interesting settlers in this project on their tour eastward and came from Fargo yesterday.

Clean up time is here. Garden Rakes, Hoes, Lawn Rakes and House Cleaning Utensils. Prices always right and service to back it up. Perry's.

A very interesting report is being prepared by Hugo A. Kaatz, chairman of the ward improvement committee, to be presented at the meeting of the Northeast Brainerd Improvement League next Monday evening, on a proposed branch tourist park to be located in Luna park on Rice lake. He has added several members to his committee and all are now busy working out the details. The League meets at the Lowell school at 8 o'clock Monday.

Mrs. J. N. Francis has returned from a six-months visit in California and will soon be at her summer resort on Round lake near Mille Lacs lake preparing it for the reception of summer visitors. Her son James accompanied her as far as Salt Lake City and then returned to his home in Havre, Montana. Mr. Francis is in Los Angeles, Calif., working at his trade as carpenter and will come home later in the family car. Last year he fell from a staging and was in a hospital three days and under a doctor's care seven weeks. He has now recovered from his injuries. The Linden House on Round lake will have many improvements added this year, including a glassed-in porch which will be used as a dining room. She has had as high as thirty people for meals. Her son Val is building a cottage near the hotel.

VETERANS MAY LOCATE NEAR CITY

First Group of Seven Arrived in Brainerd on the Afternoon Train

WILL BE ENTERTAINED HERE

Taken Through City on Sight Seeing Tour, Followed by Luncheon, Etc.

Brainerd, starting today and extending over a period of about two weeks, will be host to at least fifty disabled veterans, who will visit this locality in groups of not more than ten, with a view of purchasing land for agricultural purposes.

The first group of seven arrived at two o'clock this afternoon and will remain in the city at least three days. Their stay here was to have been limited to one or two days, but on account of the bad roads, this time has been extended.

The men were met at the train by a committee and were given an automobile tour of the city, visiting the Northern Pacific shops, the Northwest Paper Co.'s mill, the high school, court house, and other points of interest.

In company with R. R. Rosell, who has charge of the placement in this district, the veterans were guests of the Brainerd Lions club at its Wednesday evening luncheon, and following that they will be entertained by the local post of the American Legion.

Another group, according to Mr. Rosell, will arrive on Saturday, a third on next Tuesday and a fourth the following Friday, each group containing about ten men. All are from the University farm, and are naturally very anxious to pick out their land and get settled as real farmers.

Brainerd feels that this territory offers really worthwhile inducements and attractions for these young men, which will be to their advantage to consider, and should mean that many of them will locate near this city. They can be assured of a hearty welcome and the very best of treatment should they decide to make this their permanent home.

Shares Flowers With Employees. Louis F. Swift, president of Swift & Co., does a large part of his work at a standing desk outside of his private office. At this desk he receives department managers as well as office boys.

He has adopted this custom in order that he may come in close contact with his employees. He does not believe in the use of private offices to any great extent.

He is seldom seen without a flower. His one hobby is flowers, and he shares them with his employees. Every week large boxes of flowers are brought to his office from his conservatory and distributed among the various departments.—Kansas City Star.

Cat's Advantages. A cat is unable to see in perfect darkness, but gets about more easily than other animals on account of its whiskers or feelers, and its surefootedness.

Different. "Most of us," said Uncle Eben, "is careful 'bout rilin' up an enemy, but don't hesitate to hurt de feelings of a friend."—Washington Star.

RECITAL WAS DELIGHTFUL

Nearly 200 Guests Present at Function Given at Home of Mrs. W. A. M. Johnstone

A delightful addition to the social season was the piano and violin recital given at the home of Mrs. W. A. M. Johnstone on Monday evening. Nearly two hundred guests availed themselves of the opportunity to hear a program of chamber music by promising young musicians of the city. The pianists were Kathryn Albright, Aileen King, Alice G. Johnson, Gunhild Nelson and Elizabeth Johnstone, all pupils of Mrs. Johnstone, the latter Mrs. Johnstone's youngest daughter. Emma Jean Clarkson, the violinist of the evening, is a pupil of Miss Alice Johnstone.

Following a short analysis of the first number, "Sonatina," by Kahlau, and a reference to the composer, in which the young pianist pleased the audience with a bit of unconscious humor, Kathryn Albright, but eleven years old, played this little sonnet with a skill surprising in one so young. In addition two compositions of Schumann, and the well-known and brilliant "Tarantella," by MacDowell were given by her. The pedaling in the Schumann number was worthy of especial note. This little girl, in her simple and becoming sailor suit, played her "pieces" with a sureness that promises much.

A Creditable Performance "Concertino," op. number 8, by Adolf Hubon, was played on the violin by Emma Jean Clarkson, accompanied by Gunhild Nelson. This was Miss Emma Jean's first public appearance as a violinist, and she gave a most creditable performance. Her tones were firm and clear, and she has much poise for one of her years. Also, she has the gift of concentration.

One of Chopin's waltzes, C sharp minor, op. number 64, was delightfully played on the piano by Aileen King, followed by a Grieg number and "Shadow Dance," by MacDowell. Miss Aileen's slender fingers chased up and down like the delicate shadows themselves. However, mere shadows could not lure from the keys the clear notes, now loud, now soft, that weave this dancing melody. A pleasing performance, truly.

A group of three compositions was played in a musicianly manner by Elizabeth Johnstone. It would be hard to say which was the most pleasing, "Legende," by the ultra-modern composer, Signe Lund-Skabo, the haunting, song-like melody of Schmitt's "Canzonetta," or the lyric notes of "Romance," by Jean Sibelius, a Finnish composer. All were given an individual interpretation that left no doubt in the minds of the hearers of her artistic ability.

The program was varied by another violin solo by Emma Jean Clarkson, again accompanied by Gunhild Nelson. Miss Nelson is very satisfying in this role, as she has done much accompanying for her brother, Mauritz Nelson, now studying the violin in Chicago. The familiar notes of the music of "Il Trovatore" were greeted with nods of approval, and Miss Emma Jean's supple fingers and agile bowing were remarked upon by many. The audience thoroughly enjoyed the violin numbers given, and applauded heartily.

English Composer Featured Alice G. Johnson is a splendid little pianist, and plays with a style all her own. Her program is com-

plete without at least one number by the English composer, Cyril Scott and his "Etude" 11 op. number 24 was enthusiastically received. This musical study was given careful interpretation by the young player, whose clear notes and true touch exemplified the worth of patient study. Miss Alice plays with precision, her notes are clear cut, un-blurred. There is no slurring of notes in the achievement of an artistic effect.

The heaviest numbers on the program were played by Gunhild Nelson with an ease and poise quite remarkable. The first of a group of five was a Grieg number, followed by a Beethoven Sonata, "Entinzelles," (Sparks) as bright and glowing as its title, was played with fine effect and then that beautiful lyric, "Liebes Traum," (Love Dreams) by Liszt. This is a song without words, nor needing them, for each heart supplies the words that express for him the tender melody. The music portrays the love of a mature man; one "tempered in the fires of experience, hardened by the constant buffetings of fate, yet preserving through all a clear and votive flame on the altar of his ideals." Cast forth in the form of a serenade, it is an expression, nay, a culmination of all love. Miss Nelson played it beautifully. Her final number, "Fireflies," an ultra-modern composition by Arthur Hinton, was executed in a brilliant manner and called forth continued applause.

Praised by Chicago Violinist On the occasion of Bruno Esbjorn's recital, given here last summer, Miss Nelson was the accompanist. This Chicago violinist gave her much encouragement and praise. His prediction for her was a brilliant musical career. Since her performance of Monday evening this opinion is shared by Brainerd audiences.

Mrs. Johnstone has rare skill as a musical instructor. She is what is called an inspirational teacher, who though insisting on technique, yet instills in her pupils a fine understanding of the whole scope of music. Miss Alice Johnstone, who is working under Rudolph Peterson, of the MacPhail School of Music, is doing much to develop latent talent among the young people of the city who are interested in the violin. Miss Emma Jean Clarkson, her pupil, reflects much credit on the young instructor. The parents of those who took part on the program received the hearty congratulations of those assembled, as well they might. The stern necessity of daily practice is appreciated by them; indeed, in many cases, they are the "power behind the throne," in the music room. Only many hours of "one-two-three and" make possible such an evening's entertainment.

During a social hour following the recital, frappe and wafers were served in the dining room by the Misses Katherine Cleary and Marion Linemann. Sweet melody, soft lights, the color and fragrance of many roses, together with a genuine hospitality, made of the evening a pleasant memory.

L. McC.

She Was So Cruel. Five-year-old Billy was teasing his mother for something to eat, but was told that he must wait until dinner was served. He was moodily silent for a moment; then he exclaimed: "Honestly, mamma, I just believe you are only my stepmother."—Boston Transcript.

HIGH PRICES FOR TAPESTRY

Masterpieces Eagerly Snapped Up by Dealers and Connoisseurs at Recent New York Sale.

A late Gothic Arras tapestry, depicting the "Banquet of Abraham's Wife, Sarah," was sold for \$6,300 at the American Art Galleries the other day. It was one of a notable group of tapestries which was sold at the third session of a sale to liquidate the interest of the late Mme. Anna Keller in the firm of Keller & Funaro. The session's total amounted to \$136,620.

The Arras tapestry was purchased by William Baumgarten. It was from the collection of Baron de Courval, of France, and is a richly designed specimen, with numerous figures clearly defined about a banquet table. A Flemish sixteenth century Renaissance tapestry, representing "Henry II Hunting," brought \$4,800. J. Fry, who also acquired a Brussels sixteenth century Renaissance tapestry signed with the monogram of Martin Reynbouts, famous Belgian weaver, for \$3,200, was the buyer.

A brilliant Louis XV furniture suite consisting of a large settee and six armchairs with carved and gilded frames covered with floral arabesque tapestry on which were medallions of children after Boucher and animals after Oudry, illustrating La Fontaine's fables, was purchased by W. W. Seaman, as agent, for \$5,000.

A Brussels sixteenth century Renaissance tapestry, depicting "The Triumph of Alexander at the Battle of Issus" and the Italian Renaissance specimen of a century later, entitled "The Triumph of Caesar," were acquired by O. Bernet, agent, for \$4,700 and \$3,300 respectively.—New York Times.

TO RESTORE WEBSTER HOME

Site May Be Purchased and Maintained as Memorial to the Eminent Lexicographer.

Plans are now afoot in West Hartford, Conn., for the restoration of the old farmhouse, fast falling into decay, where Noah Webster was born 165 years ago. Repairs already have been commenced by the present owner, H. A. Hamilton, and the task will be carried to completion at his own expense. It is his hope that public interest may be aroused sufficiently to bring about the purchase of the site and its maintenance as a memorial to the eminent lexicographer.

The Webster house is of two stories and a lean-to. There is a long woodshed at the back. It stands upon a little ridge, and looks down from this eminence upon the city of Hartford. Until he was fourteen Noah Webster worked on this farm with his father and brothers. He was determined to go to college, and against the wishes

Don't Let Washday Spoil Your Week

There is no necessity for elaborate preparation in the Maytag home. There need be no anxiety on account of an extra large washing. A delayed washday the Maytag way doesn't upset the week.

MAYTAG

A CAST ALUMINUM TUB

The tub of the new MAYTAG Gyrofoam Washer is made of cast aluminum. It will not rot, rust, corrode, swell, warp or split. It is self-cleaning. It is light, yet has life-time durability.

The shape of the tub makes it easy to work with. There is no machinery exposed. Everything is housed in. The lid is absolutely free from mechanism or obstructions.

Everyone who has used this new washer says it is the easiest washer to work with they have ever seen.

Through the Friendly Portals of the White House Again

President and Mrs. Harding are "home" after a five weeks vacation in Florida. They were heartily welcomed by Laddie Boy who is shown above escorting the president in to the White House. The president was bronzed from his many games of golf and Mrs. Harding walked with a step that was marked contrast to her feebleness a month ago. During his vacation the president played 553 holes of golf and walked 125 miles doing it.

LLOYD GEORGE'S NUMBER

IN the parlance of the street, Samuel G. Blythe has taken Lloyd George's number. He is ace high with this writer whose study of political movement and men during many years has prepared him to express an opinion that is likely to be correct.

In the opinion of Samuel G. Blythe Lloyd George may be down but he is not out, and he holds that all of the forces arrayed against him cannot keep this man out of leadership in British life. He shows that the English do not understand him and that they have never understood him. He was elevated to the premiership through the influence of two active Canadians and when he was forced out of this commanding position it was again the result of the activities of Canadians. His successor, Bonar Law, is a Canadian.

Lloyd George is not finished because his gifts are of that remarkable order that makes possible a wonderful appeal to those with whom he comes in contact. His way of winning the respect and sympathy of those who may serve him is uncanny. When he called upon the Prince of Wales, now King George V, at the time of King Edward's death, he wept with the successor to the British crown. When he wished to win the appreciation of Rear Admiral Cary T. Grayson, President Wilson's physician, he had a lady play such songs as "Carry me back to old Virginia," and he talked of Virginia and the great men who were born in Virginia. The writer ranks him high as a political speaker, in fact, he gives him first place as a speaker, and as a politician he believes that he has had no peer in English history. Having appraised him in this way, and remembering that he has not yet passed the age when his strength declines, the writer sees in this man of 59 years a leader who will come back.

Samuel G. Blythe is too well trained to make predictions as to the exact time when this retired leader will again assume the control of a ministry in London. The time he does not fix but he very firmly states that the time will come.

A study of politics in England during the past few years would lead to the presumption that Lloyd George will not come back for some considerable time. His attitude during the war and after the war, when he was the leader of the coalition, did not strengthen his hold upon the liberals throughout England. They felt that he had turned away from the principles that underlie the liberal party, and many of these are more bitterly opposed to him than are members of the conservative party. It will be some time before these wounds are healed.

There is this to be said, however: The man does not always create the situation, the situation sometimes calls for the man. And in the present state of British politics, the time may soon come, when, through a defeat of the conservative government, there will be a call for a leader who can fuse the various elements in British politics that are opposed to the conservative party and its program. When that day comes, Lloyd George may come back. But that day is not likely to dawn until the labor party has failed to form a ministry to carry on the government of Britain.

THE UNIVERSITY'S NEEDS.

DR. LOTUS D. COFFMAN, president of the University of Minnesota, has stated in a few words why an appeal must be made to the people of this state, asking that they assist in providing a stadium and auditorium. The reason is that, while the legislature provides for the upkeep of the university, it does not and probably cannot provide the money needed to build an auditorium and complete a stadium.

The appeal that is made is justified because both are needed.

The university is without an auditorium capable of seating even the freshman class, and the stadium is needed, because of all the colleges in the conference, the University of Minnesota is the poorest equipped.

If the University were asking for something that is not needed there might be a reason for objection to the proposal, but when what is asked for is so much needed the response ought to be generous.

Three purposes will be served through the building of the proposed auditorium and the construction of the stadium. Utility is the first consideration and they will serve a present need. Athletics will be considered and the buildings will improve the appearance of the campus; and, as a memorial to the late Cyrus Northrup, the people of the state of Minnesota and the alumni of the University will, by building these needed facilities, construct a suitable memorial to the man whose interest was centered in the University of Minnesota.

BETTER HOSPITALIZATION DISCUSSED

FORTY-TWO hundred physicians and surgeons have been invited to the Minneapolis clinic week under the auspices of the American college of surgeons. In this sectional meeting the newer methods of treating diseases will be discussed and, through this discussion, community health will be improved.

The medical profession shares its findings, for when a doctor has found a method of dealing with some disease that has baffled the skill of his fellows of the medical profession, he does not hide the secret but shares it with his fellows that the benefits may be widely conferred.

There are discoveries that might be capitalized and made to yield vast returns to their discoverers if they held them secret, but, while there are some in the profession who would seek to win gain at the expense of the suffering public, the majority seek to spread the gospel of good health so that those who suffer may find relief.

Doubtless some of the criticisms that are at times directed against the profession are justified, for there is no profession in which all of the members are motivated by the very best ideals; but, taken as a whole, the medical profession measures high for integrity and renders a careful and considerate service.

Many doctors will attend the sectional meeting and will return to their homes with advanced knowledge of the methods employed by those who have made discoveries that are helpful in treating diseases. They will give of their time because they are impressed by the fact that every day new ways are being found which are an improvement over old methods of treatment. Such clinics, in which doctors gather to confer, are a boon to the sufferers of the state and the nation.

POOR Andy Gump passed through one trial to find himself in a more wearing one. Before he gets through he will wish that there were no women in the world. Between Babe and Mrs. Gump, Andy is having a bad time.

RECALLING the Kaiser at this time would not improve the relations existing between Germany and certain other countries. He is one man whom the allied soldiers wished to put both down and out.

MUSSOLINI's methods of gaining control were not of the finest but his results are counting. And, after all, it's the results that stand when the methods have been forgotten.

It is said that the greatest compliment that one man can bestow upon another is to invite him into his basement.

Elks Chief to Attend Fete for 'Joe' Cannon

Danville, Ill., April 18—J. E. Master of New York, grand exalted ruler of the Elks, has accepted an invitation from the local lodge to be in Danville May 7 for the celebration in honor of "Uncle" Joe Cannon. Bruce Campbell of East St. Louis, Ill., past grand exalted ruler, also will be present. The Danville Elks will issue invitations to all the grand lodge officers and all the lodges in Illinois to take part in the celebration.

ASKS RELEASE OF 60 FEDERAL PRISONERS

(By United Press)
Oklahoma City, Okla., April 18—A letter demanding release of sixty federal prisoners held on charges of violating the espionage act during the world war will be sent by Governor Jack Walton to President Harding, it was announced at the executive's office today.

The letter will be in line with Walton's clemency policy which includes abolishment of capital punishment in Oklahoma.

WHEN EVERY MOVE HURTS

Lame every morning, achy and stiff all day, worse when it's damp or chilly? Suspect your kidneys and try the remedy your neighbors use. Ask your neighbor!

Mrs. J. R. Mutch, 618 5th St. S., Brainerd, says: "I just ached all over. There was hardly a spot in my body that wasn't sore. When I stooped, I got severe pains in my kidneys. I couldn't stand very long as I became so tired and worn out. I had a steady, dull bearing down feeling in my kidneys and felt as though I had weights tied about them. I got little rest and mornings my back was so sore and stiff it seemed it would break if I stooped. Between all these ailments I became completely run down. A friend suggested Doan's Kidney Pills and I bought some at Dunn's Drug Store. Doan's gave me wonderful relief and I am glad to recommend them."

Little Misunderstanding.
She was absent-minded, but very pretty. The other morning she looked her best as she approached the counter in a hardware store.

"Have you any whiskers?" she asked the obliging assistant who hurried forward to ascertain her wishes.

The poor fellow blushed to the roots of his hair.

"I beg your pardon, madam," he stammered, thinking that his ears must have deceived him.

"I came to see if you have any whiskers," repeated the girl.

For the moment the assistant thought his senses must have left him; then he concluded that the young woman must be mentally deficient, and he looked pityingly at her.

At this juncture a half-stifled giggle from a lad standing near the fair customer reached her ear. Then she realized her blunder.

"Oh, of course, of course," she rasped, quickly, "I mean egg-whiskers."

WRECKED AT HOME PORT OF SEAMEN

Friends, Instead of Death, Meet
Exhausted Crew of Vessel.

BATTLE HOURS WITH STORM

Experience of Crew of Big Car Ferry
on Lake Michigan Adds to History
of Lake Transportation One of Its
Most Thrilling Chapters—Loaded
Cars Break Loose During Hurricane
and Batter Ships to Helplessness—
Gale Drives Them Home.

Captain Fredericksen and the 31 men, heroes and survivors of the wreck of Ann Arbor car ferry No. 4, are recovering at Frankfort, Mich., from their sufferings after a ten-hour battle with a hurricane amid the ice floes of Lake Michigan.

The story of the wreck and the narrow escape of the heroic crew, told in a brief ten-line message last week, is known now and adds to the history of Lake Michigan one of its most thrilling chapters.

No. 4, one of the big ferries which carry Ann Arbor railroad freight cars from Frankfort to Escanaba, Green Bay, Menominee and Manistique, now lies just inside the channel which connects Lake Michigan with Little Betsie bay. Icebergs 30 feet high are piled over her, and around the stoves in Frankfort, their homes, the 32 survivors tell a tale of heroism and suffering, and of escape from death which was, in their eyes, a miracle.

Hurricane Drives Them Home.
Driven before an 80-mile hurricane, in a blinding snow, through one of the wildest nights ever seen on Lake Michigan, with 19 cars of coal and merchandise loose on the tracks and tearing the entrails out of the ship, and without control of the vessel, and not knowing where they were, they were driven straight to the narrow channel leading to home—and saved.

And Captain Fredericksen's pipe now stands in Frankfort's annals, together with Capt. Chuck Larsen's "little breezy outside" after a hurricane blew No. 5 over the breakwater.

Old No. 4, massive, aged, powerfully engined and manned by a crew of Frankfort men, carried 19 cars on that trip. The ice was heavy, but the car ferries, pounding and grinding through, had kept the channel open. Heavy float ice and great floes were encountered. The weather was cold, breezy and changeable, threatening snow.

Ice Blocks Bombard Ship.
The storm struck them at 10 p. m.—sleet, with a high wind and snow. Waves lifted great blocks of ice and sent them cannonading against the steel sides of the big ship.

It was 10:30 when Captain Fredericksen lighted his pipe. The wind was rising. Already the ferry was taking water, the bombardment of ice breaking its seams.

No. 4 was carrying on, fighting giant seas, that piled ice on the decks, and froze over everything. Then, with the wild pitching of the ship, one of the strings of loaded cars encased in the steel hull went loose.

The crew leaped down into the inner shell of the boat, with crowbars, huge wooden blocks, and leaping among the loosened cars, strove to jam the bars under the wheels and prevent them from battering out the ends.

Cars rushed wild, up and down the tracks. The heavy stopping blocks were sheared away, huge iron stanchions smashed. Half an hour later the cars on the inner string got loose.

S. O. S. Call Sent Out.
The wireless operator up in his coop, with the ice freezing him inside until he seemed in a prison, sent out the S. O. S. before midnight. The great ship was doomed. Captain Fredericksen filled his pipe again and went below. Exhausted, half-frozen men, with crushed hands, with battered bodies, were fighting to prevent the loaded cars from breaking through the steel shell and letting the waves pour through unchecked.

The forward end crew was being beaten. Every car they anchored meant another one breaking loose. Half of them were injured. Sweat from their exertions froze upon their bodies.

In the engine room the crew, broiling before overstrained engines and freezing as the lake water swept to their waists with the lurching of the vessel, fought on, holding a full head of steam, while water poured through the ash pits and swirled around their legs. One wave, ice cold, came back scalding hot and pouring off steam.

Captain Allows It's Breezy.
And Captain Fredericksen filled his pipe again and allowed it was a bit breezy. The wireless man could get no answer.

They did not know where they were or in what direction they were being driven.

It was five in the morning when the operator at Frankfort heard the call for help. He flashed back that the vessel must be somewhere near shore, as the call came strong.

It was then, from what can be learned, about fifteen miles out in the lake. The snow was heavy, the thermometer was close to 20 below zero and the wind around fifty miles an hour when the real hurricane broke. The wind, raging before, and deeply turned on full force. It rose a

50 miles an hour, and, driven before it, rolling, pitching, tossing, with the loaded cars battering its insides out, old No. 4 was driven before the fury of the blast.

Wireless Tells Shore Is Near.

The wireless man heard assurances they were close ashore and chopped his way out of his den with the news.

The car ferry was driven before the hurricane 18 miles in less than half an hour. The men, blind from the blizzard and the cold, clung on in the darkness. At 7:30 a. m. the ferry smashed onto a bar. The sky was just commencing to lighten, but in the darkness and the storm the men knew not where they were. A second crash, a moment later, seemed to tear the vessel to pieces. She keeled over to one side. The half-frozen, exhausted crew climbed to the upper rail and hung on. Over the side they saw the south breakwater of the Frankfort channel. On shore the life guards and the residents of the town were rushing to the rescue. The vessel shifted, rolled again, and swung inside the channel itself—and as it rolled over the 32 men crawled over the rail, onto the side of the ship, and, sliding down it, dropped onto the wide breakwater.

Thirty minutes before they had abandoned hope and knew the ship would sink within half an hour. Then they slid down into the waiting arms of friends and neighbors, and, hastily wrapped in warm blankets, were carried across to the village sheltered under the great hill, to warmth and food.

And Captain Fredericksen filled his pipe again and inquired if breakfast was ready.

ENGLISH WOMAN ADMITTED
TO MIDDLE TEMPLE BAR

Photo of Miss Helen F. Norman, noted woman lawyer of England, who was admitted as a member of the Middle Temple—the first—but a few hours after the enactment of the British sex disqualification removal act. She is the author of a work for women members of parliament.

Extraordinary Birth Record.
Many readers will be interested in a case of five infants at a birth. The particulars are from India. The woman doctor in charge of the King Edward Memorial hospital at Rohtak in the Punjab states that on November 22 last a Brahmin woman in the hospital gave birth to five baby boys. All five are described as perfectly formed and of fairly large size. They and their mother were reported to be doing well on the 23rd, the day following.

Shawkey to Hurl First
Ball in Yankee Stadium

New York, April 18.—Shawkey, oldest player on the Yankee club in point of service, was given the honor of pitching the first ball today in the new Yankee \$2,000,000 stadium. Manager Huggins announced. Everett Scott, who hurt his ankle several days ago, also will play.

Minister Thankful
"I had stomach trouble for nearly 20 years, also constipation which filled my system with gas and fever. I could not do my work, and while I was down sick a lady from out of town sent me a bottle of Mayr's Wonderful Remedy which proved truly wonderful. I believe it is the best medicine on earth." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and all leading druggists.

Sweden Hopes Yankee Athletes Will Compete

Stockholm, April 17.—The news that the Amateur Athletic union of the United States will prevent the participation by American athletes in contests in Europe this summer has caused great disappointment to the management of the games to be held in Gothenburg, and there seems to be some doubt as to the authenticity of the advice, inasmuch as the Swedish athletic authorities say they had received positive assurance that the Americans would take part.

If the report is true, it is hoped here that the American college students who compete in England will come to Gothenburg for the games.

MALONE LOSES

St. Paul, April 18.—Jock Malone, St. Paul, recognized as champion of 13 states, met defeat here at the hands of Billy Wells, elusive Englishman, in a ten-round no-decision fight.

Wells led the fighting most of the way, and Malone could not seem to locate the London battler, who hit Malone with everything but the water bucket.

The bout went the limit.

Naturally Affected Her.
The magnate came home grinning and sat down in a cheerful frame of mind to carve a large roast.

"My private secretary," he announced, "told me today that he is engaged to be married. On his salary the girl will starve."

At this the daughter of the house burst into tears, whereat dad was considerably taken aback.

"Why, what's the matter, daughter?" he inquired solicitously.

"It's me he is engaged to-o-o," sobbed the girl.

Moving.
"The editor of the Tullahoma Torch of Liberty cites his brother-in-law, the Hon. Pete Puffbliss, a nice funeral notice, don't he?" asked a neighbor.

"Eh-yah!" replied Gabe Gossnell of Grudge. "He writes darn high as pitiful about him as if he had been a good dog."—Kansas City Star.

WRECKED AT HOME PORT OF SEAMEN

Friends, Instead of Death, Meet
Exhausted Crew of Vessel.

BATTLE HOURS WITH STORM

Experience of Crew of Big Car Ferry on Lake Michigan Adds to History of Lake Transportation One of Its Most Thrilling Chapters—Loaded Cars Break Loose During Hurricane and Batter Ships to Helplessness—Gale Drives Them Home.

Captain Fredericksen and the 31 men, heroes and survivors of the wreck of Ann Arbor car ferry No. 4, are recovering at Frankfort, Mich., from their sufferings after a ten-hour battle with a hurricane amid the ice floes of Lake Michigan.

The story of the wreck and the narrow escape of the heroic crew, told in a brief ten-line message last week, is known now and adds to the history of Lake Michigan one of its most thrilling chapters.

No. 4, one of the big ferries which carry Ann Arbor railroad freight cars from Frankfort to Escanaba, Green Bay, Menominee and Manistique, now lies just inside the channel which connects Lake Michigan with Little Betsie bay. Icebergs 30 feet high are piled over her, and around the stoves in Frankfort, their homes, the 32 survivors tell a tale of heroism and suffering, and of escape from death which was, in their eyes, a miracle.

Hurricane Drives Them Home.
Driven before an 80-mile hurricane, in a blinding snow, through one of the wildest nights ever seen on Lake Michigan, with 19 cars of coal and merchandise loose on the tracks, and tearing the entrails out of the ship, without control of the vessel, and not knowing where they were, they were driven straight to the narrow channel leading to home—and saved.

And Captain Fredericksen's pipe now stands in Frankfort's annals, together with Capt. Chuck Larsen's "little breezy outside" after a hurricane blew No. 5 over the breaker.

Old No. 4, massive, aged, powerfully engined and manned by a crew of Frankfort men, carried 19 cars on that trip. The ice was heavy, but the car ferries, pounding and grinding through, had kept the channel open. Heavy float ice and great floes were encountered. The weather was cold, eight below, and going down at sundown, breezy and changeable, threatening snow.

Ice Blocks Bombard Ship.
The storm struck them at 10 p. m.—sleet, with a high wind and snow. Waves lifted great blocks of ice and sent them cannonading against the steel sides of the big ship.

It was 10:30 when Captain Fredericksen lit his pipe. The wind was rising. Already the ferry was taking water, the bombardment of ice breaking its seams.

No. 4 was carrying on, fighting giant seas, that piled ice on the decks, and froze over everything. Then, with the wild pitching of the ship, one of the strings of loaded cars encased in the steel hull went loose.

The crew leaped down into the inner shell of the boat, with crowbars, huge wooden blocks, and leaping among the loosened cars, strove to jam the bars under the wheels and prevent them from battering out the ends.

Cars rushed wild, up and down the tracks. The heavy stopping blocks were sheared away, huge iron stanchions smashed. Half an hour later the cars on the inner string got loose.

S. O. S. Call Sent Out.

The wireless operator up in his coop, with the ice freezing him inside until he seemed in a prison, sent out the S. O. S. before midnight. The great ship was doomed. Captain Fredericksen filled his pipe again and went below. Exhausted, half-frozen men, with crushed hands, with battered bodies, were fighting to prevent the loaded cars from breaking through the steel shell and letting the waves pour through unchecked.

The forward end crew was being beaten. Every car they anchored meant another one breaking loose. Half of them were injured. Sweat from their exertions froze upon their bodies.

In the engine room the crew, broiling before overstrained engines and freezing as the lake water swept to their waists with the lurching of the vessel, fought on, holding a full head of steam, while water poured through the ash pits and swirled around their legs. One wave, ice cold, came back scalding hot and pouring off steam.

Captain Allows It's Breezy.
And Captain Fredericksen filled his pipe again and allowed it was a bit breezy. The wireless man could get no answer.

They did not know where they were or in what direction they were being driven.

It was five in the morning when the operator at Frankfort heard the call for help. He flashed back that the vessel must be somewhere near shore, as the call came strong.

It was then, from what can be learned, about eighteen miles out in the lake. The snow was heavy, the thermometer was close to 20 below zero and the wind around fifty miles an hour when the real hurricane broke. The wind, raging before, suddenly turned on full force. It rose

50 miles an hour, and, driven before it, rolling, pitching, tossing, with the loaded cars battering its insides out, old No. 4 was driven before the fury of the blast.

Wireless Tells Shore Is Near.

The wireless man heard assurances they were close ashore and chopped his way out of his den with the news.

The car ferry was driven before the hurricane 18 miles in less than half an hour. The men, blind from the blizzard and the cold, clung on in the darkness. At 7:30 a. m. the ferry smashed onto a bar. The sky was just commencing to lighten, but in the darkness and the storm the men knew not where they were. A second crash, a moment later, seemed to tear the vessel to pieces. She keeled over to one side. The half-frozen, exhausted crew climbed to the upper rail and hung on. Over the side they saw the south breakwater of the Frankfort channel. On shore the life guards and the residents of the town were rushing to the rescue. The vessel shifted, rolled again, and swung inside the channel itself—and as it rolled over the 32 men crawled over the rail, onto the side of the ship, and, sliding down it, dropped onto the wide breakwater.

Thirty minutes before they had abandoned hope and knew the ship would sink within half an hour. Then they slid down into the waiting arms of friends and neighbors, and, hastily wrapped in warm blankets, were carried across to the village sheltered under the great hill, to warmth and food.

And Captain Fredericksen filled his pipe again and inquired if breakfast was ready.

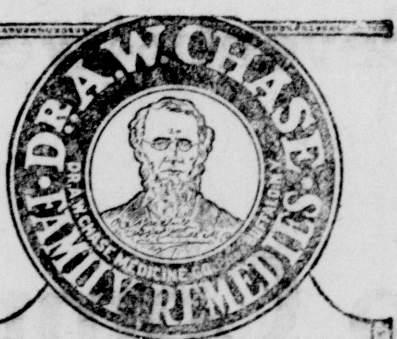

ENGLISH WOMAN ADMITTED TO MIDDLE TEMPLE BAR

Photo of Miss Helen F. Norman, noted woman lawyer of England, who was admitted as a member of the Middle Temple—the first—but a few hours after the enactment of the British sex disqualification removal act. She is the author of a work for woman members of parliament.

Extraordinary Birth Record.

Many readers will be interested in a case of five infants at a birth. The particulars are from India. The woman doctor in charge of the King Edward Memorial hospital at Rohtak in the Punjab states that on November 22 last a Brahmin woman in the hospital gave birth to five baby boys. All five are described as perfectly formed and of fairly large size. They and their mother were reported to be doing well on the 23rd, the day following.

PILES!

There is no suffering like the torture from piles. This continual suffering results upon the nervous system and may eventually cause a complete physical breakdown. It is not necessary to endure the torture from piles when quick, sure relief is right at hand. Dr. A. W. Chase's Ointment relieves piles at once—and not only that, when this treatment is persisted in, it affords lasting benefit. Dr. A. W. Chase's Ointment is nationally famous as a remedy for piles, hemorrhoids, ring worm, sore feet, hives, insect bites, pimples, blackheads, chafing, chapped hands, chilblains, frost bite and all skin irritations. Read what Arthur Fleury of 63 Ruth St., New Bedford, Mass., says:

"I used Dr. A. W. Chase's Ointment for Piles and got relief from it. That is about fifteen years ago and I always use Dr. A. W. Chase's Ointment when another attack of Piles is coming on me. There is no better Medicine for Piles that I know of that will give you better relief."

You can buy Dr. Chase's Ointment at all drug stores. To be sure of getting the genuine, see that portrait and signature of A. W. Chase, M.D., are on each box—your protection against imitations.

SHOT IN SOUTH DAKOTA VIRGIN OF WHITE FEET

"Sichi Makeche," or Bad Place,
Untrod by Paleface—Legend-
ary to Sioux Indians.

Half a dozen miles southwest of scenic, S. D., in the very heart of the Badlands, Big Foot Wall stretches away to the southwest and the north-west for miles. Between this wall and the pinnacles of Whitewater Wall, and bounded on the west by Sage Creek Wall, is an area of approximately four square miles. No white man's foot has ever rested there so far as can be learned.

The Indians call the plot "sichi makeche," meaning "bad place." A huge scale map of Pennington county drawn in 1898 describes the place as "Bad-land bluffs and canyons impossible of survey."

Occasionally one of the Dakota (Sioux) Indians who will talk tells strange tales about this particularly rugged portion of South Dakota. Deep canyons and gorges lead up to spiraling pinnacles, and every attempt to follow their tortuous paths thus far has ended in failure. Baffling cut-dead ends greet the explorer at every path.

Chief Fleming Arrow, a veteran of the frontier days, gives what probably is the Sioux belief. Many years ago, the chief said, before the pale face came, there was the place where dwelt the Wankkinyan (Thunder Bird) high in the pinnacles of stone. This wall of rock kept out unwelcome visitors, the chief contended, and added that the protected area is rich in food, sunlight and warmth and has pure, cold streams of running water.

The old chief said that perhaps at some time some one may have found his way into the place, but if so he never returned.

AN OPEN LETTER TO PATRONS OF THE PARK THEATRE

Dear Sir or Madam:

If you are numbered among "fans" who are familiar with the development of motion pictures in the past year, which has witnessed so many revolutionary changes in production methods, you will know of the effort to present in 1922 more worthwhile pictures than those attempted in the past. Boiled down to a paragraph, the reaction of the great consuming public has been to demand pictures with as much thought and effort behind them as is ordinarily given to the legitimate stage play. The public has become "moving picture wise" and instead of accepting film entertainment at face value, it now "goes shopping" for the evening's program. Competition is another feature which is cleansing the industry in the same degree that it has forced quality in other business. So that now there is no room for the exhibitor who deals in poor goods, and by that same token, only the real worthwhile producers are surviving the present crisis.

Of interest in connection with its program for the coming year, Affiliated Distributors, Inc., of New York, sought to determine just what type of picture entertainment is at present proving to be most in demand. Research by officials of the corporation which embodied visits to distributing exchanges and exhibitors throughout the country, brought to light the information that of all sorts of films and spectacles, romances of the outdoors, principally of the Northwest, were best liked. They found that the picture must be of feature length, realistic in its settings and acting, containing no superficial or artificial conditions, that no one particular so-called individual star should monopolize the camera, most of the scenes be outdoors and take in big open spaces and beautiful compositions, that the impression created on the mind of the spectator at the finish be one of wholesome admiration for the healthy action, that good old time melodramatic moments which always thrilled and always will thrill, be injected to make suspense and that the plot contain elements of freshness and originality.

It was also discovered that adaptations to the screen of stories already tried and tested in book form provide the best successes in most cases.

The information secured, it was announced recently, had crystallized into a new production which Affiliated Distributors worked on to conform to as great a degree as possible to the "fan" demand. The author picked for adaptation as probably the most popular spinner of Northwest yarns of freshness and action. Edwin Carewe, veteran director of outdoor pictures was chosen as general of the forces that were to make the production. Then six stars, namely: Alice Lake, Kenneth Harlan, Rosemary Theby, Gaston Glass, Noah Beery and Wallace Beery were contracted with for the leading parts. Each was picked with a view to his or her qualifications for the role to be played. For realism, the location for the outdoor scenes was made at Truckee, Northern California, and not very far south of the Yukon regions in Canada.

Preparation of the picture was featured by attention to every possible detail, and the finished product, titled "I Am The Law" was released on the market very recently.

We take this opportunity to acquaint you with the showing dates which will be tonight and Thursday and assure you of our confidence in a production of merit. After witnessing the picture, if it is your idea of good entertainment we should like to know so as to secure further constructive criticism which may be passed on to the producers.

Very truly yours,
GEO. D. IRWIN, Mgr.

SURVEY MADE OF ST. FRANCIS SCHOOL

Mental and Educational Survey of
All Pupils of the Parochial
School

CARRIED OUT IN WHOLE DIOCESE.

Brainerd Examination by Sister
Katharine O. S. B. Ph. D. of
Duluth

During the past week a mental and educational survey of St. Francis school was made. The survey of this school is but a portion of a survey of the pupils in all the Catholic public schools of the diocese of Duluth.

The survey has been made under the direction of Sister Katharine, O. S. B. Ph. D. College of St. Scholastica, Duluth, Minnesota. The tests given were the National Intelligence Tests or the revision of the army tests, Alpha; Buckingham Scale for Problems in arithmetic; Woody-McCall Mixed Fundamentals; Ayres Spelling Scale; Thorndike-McCall reading scale for the understanding of sentences.

The results of the intelligence tests are very encouraging. The median intelligence of the pupils varies from five to twenty points above the norm for children in five American cities. The eighth grade pupils have an intelligence quotient considerably above the average. The standard for eighth grade pupils is 132, one pupil has a total score of 176. This places the pupil in the "near genius" category.

BRIDGE PARTY

Brilliant Social Function Given by
Messdames John Carlson and
A. T. Fisher

One of the brilliant social successes of the spring season was the progressive bridge party given Tuesday afternoon at the home of Mrs. John Carlson, the hostesses being Mrs. Carlson and Mrs. A. T. Fisher.

The color scheme used in the decorations was lavender and yellow. Lavender sweet peas, tied with yellow, in glass baskets were used as centerpieces at each table. Lavender sweet peas and jonquills were made up in bouquets as decorations throughout the rooms.

Thirty-six ladies were present, the high score in bridge going to Mrs. John F. Woodhead.

The afternoon closed with a delicious three-course luncheon.

This is the first of a series of two such events given by the same hostesses, the second will be held on Thursday afternoon, also at the home of Mrs. Carlson.

Resemblance.

A waggish correspondent remarks that bananas are like wedding guests in one respect—they are always ready to throw the slipper when the paring comes off.—Boston Transcript.

The Difference.

The ready way to distinguish verse from poetry is this: Verse makes a flat pattern on the paper. Poetry stands out in relief.—Robert Graves.

High School Student Held as Slayer of Girl

Mrs. Theima Dent Beyer, wife of a University of Minnesota student, with her child, now 3 years old. She was slain when a gun held by 18 year old Filmore Heikkila (insert) a Detroit high school student, accidentally discharged. She was living in Detroit preparatory to seeking a divorce from her husband. Heikkila, who is held on charges of manslaughter, was to have married her following the divorce proceedings. Mrs. Beyer was but 19 years old.

If Back Hurts or Bladder Bothers,
Also Take a Little Salts

Most folks forget that the kidneys, like the bowels, sometimes get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean and the moment you feel an ache or pain in the kidney region begin drinking lots of water. Also get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is intended to flush clogged kidneys and help stimulate them to activity. It also helps neutralize the acids in the urine so they no longer irritate, thus helping to relieve bladder disorders.

Jad Salts is inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to help keep their kidneys clean.

A well-known local druggist says they sell lot of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble. By all means have your physician examine your kidneys at least twice a year.—Advt.

them are to warrant the foregoing statement regarding the millennium. For instance, witness this letter which Peter B. Kyne has just written to the Goldwyn Pictures Corporation:

"Now that your production of my story, 'Brothers Under the Skin,' has been completed, I want to tell you how very much I appreciate the good work done on this picture. It is excellently directed and photographed, and the story has been followed faithfully, which, by the way, is rather an unusual experience with my stories." "Brothers Under the Skin" which shows at the Lyceum for two days, beginning tonight, was directed by E. Mason Hopper and has a brilliant cast including Helene Chadwick, Pat O'Malley, Norman Kerry, Claire Windsor and Mae Busch. The story was adapted to the screen by Grant Carpenter, Mr. Kyne personally wrote the sub-titles.

"I Am the Law," a blue-blooded story of virile and scintillating action, laid in that god-forsaken land of barren whiteness and the snow drifts of the northwest, where the derelicts of humanity drift to make their last gold strike, where race or creed is forgotten in the mad rush for the precious yellow metal—there in that country is laid the setting of a powerful photodrama that comes to the Park tonight and on Thursday, heralded as greater in story and cast than any other production that has come to this city in a decade.

Brilliant of action, sparkling with scenes of wondrous splendor, and enacted by an all-star cast that bids fair to rank with the greatest aggregations of movie stars ever assembled, "I Am the Law" tells the story of the northland—the country north of 54 degrees latitude, where it's fifty odd below, where the

Proceedings in Bankruptcy in the
District Court of the United States
For the District of Minnesota, 5th
Division.

In the matter of Martin J. Fleischhaker, bankrupt; in bankruptcy.

To the Honorable Page Morris, Judge of the District Court of the United States for the District of Minnesota, Martin J. Fleischhaker, of the City of Brainerd, in the County of Crow Wing and State of Minnesota, in said district, respectfully represents:

That on the 13th day of December, 1922, last past, he was duly adjudged bankrupt under the Acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said Acts and of the orders of the court touching his bankruptcy. Wherefore, He Prays that he may be decreed by the court to have full discharge from all debts provable against his estate under said Bankrupt Acts, except such debts as are excepted by law from such discharge.

Dated this 15th day of March, A. D. 1923.

MARTIN J. FLEISCHHAKER,
Bankrupt

United States District Court, District of Minnesota, 5th Division, ss.: On this 13th day of April, A. D. 1923, on reading the foregoing petition, it is

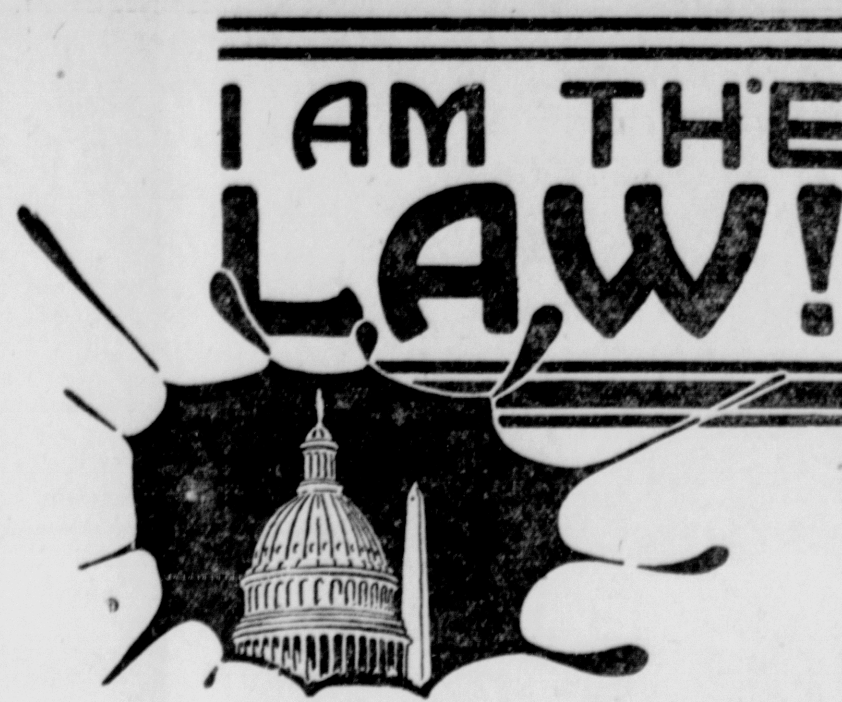

Ordered by the Court, that a hearing be had upon the same on the 26th day of May, A. D. 1923, before said court, at the City of Duluth, in said district, at ten o'clock in the forenoon; and that notice thereof be published in Brainerd Daily Dispatch, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at the same time and place and show cause, if any they have, why the prayer of said petitioner should not be granted.

And It Is Further Ordered by the Court, that the clerk shall send by mail to all known creditors copies of said petition and this order, addressed to them at their places of residence as stated.

Witness the Honorable Page Morris, Judge of said court, and the seal thereof, at Duluth, in said district, on the 13th day of April, A. D. 1923. (Seal of the Court)

JOEL M. DICKEY,

"I Am the Law," a Gripping Photoplay at the Park Tonight and Thurs.

wastelands of civilization harbor a law of their own.

Wit hit's awe-inspiring scenes set in the land made famous by the poems of Robert Service, "I Am the Law" tells the story of brother against brother—of blood kinship turned to frenzied hate—of the fury of the northlands blinding snow gales—of the indomitable power of the Royal Northwest Mounted Police—of the snow-tracks—the man, the woman and retribution—all depicted in a blizzard of emotions, of remarkable acting, of red-blooded plot and of breath taking action.

This epoch-making production, chock full of every conceivable kind

of thrill, and presenting scenes replete with the gorgeous beauty of the northwest mountains, crags and valleys, enhanced by the "shooting" of an actual northwest blizzard in all its grandeur and awe-inspiring fury is to be seen tonight and Thursday at the Park.

Fish Affected by Cold.

Congers and plicards have died from cold off the Cornish coast, and the once plentiful boardfish have never been seen in the shallow waters of Cornwall since a violent easterly gale blew in 1879.—Rochester Democrat and Chronicle.

SURVEY MADE OF ST. FRANCIS SCHOOL

Mental and Educational Survey of
All Pupils of the Parochial
School

CARRIED OUT IN WHOLE DIOCESE

Brainerd Examination by Sister
Katharine O. S. B. Ph. D. of
Duluth

During the past week a mental and educational survey of St. Francis school was made. The survey of this school is but a portion of a survey of the pupils in all the Catholic public schools of the diocese of Duluth.

The survey has been made under the direction of Sister Katharine, O. S. B. Ph. D. College of St. Scholastica, Duluth, Minnesota. The tests given were the National Intelligence Tests or the revision of the army tests, Alpha; Buckingham Scale for Problems in arithmetic, Woody-McCall Mixed Fundamentals; Ayres Spelling Scale, Thorndike-McCall reading scale for the understanding of sentences.

The results of the intelligence tests are very encouraging. The median intelligence of the pupils varies from five to twenty points above the norm for children in five American cities. The eighth grade pupils have an intelligence quotient considerably above the average. The standard for eighth grade pupils is 132, one pupil has a total score of 176. This places the pupil in the "near genius" category.

BRIDGE PARTY

Brilliant Social Function Given by
Mesdames John Carlson and
A. T. Fisher

One of the brilliant social successes of the spring season was the progressive bridge party given Tuesday afternoon at the home of Mrs. John Carlson, the hostesses being Mrs. Carlson and Mrs. A. T. Fisher.

The color scheme used in the decorations was lavender and yellow. Lavender sweet peas, tied with yellow, in glass baskets were used as centerpieces at each table. Lavender sweet peas and jonquils were made up in bouquets as decorations throughout the rooms.

Thirty-six ladies were present, the high score in bridge going to Mrs. John F. Woodhead.

The afternoon closed with a delicious three-course luncheon.

This is the first of a series of two such events given by the same hostesses, the second will be held on Thursday afternoon, also at the home of Mrs. Carlson.

Resemblance.

A waggish correspondent remarks that bananas are like wedding guests in one respect—they are always ready to throw the slipper when the party comes off.—Boston Transcript.

The Difference.

The ready way to distinguish verse from poetry is this: Verse makes a flat pattern on the paper. Poetry stands out in relief.—Robert Graves.

High School Student Held as Slayer of Girl

Mrs. Theima Dent Beyer, wife of a University of Minnesota student, with her child, now 3 years old. She was slain when a gun held by 18 year old Filmore Heikkila (insert) a Detroit high school student, accidentally discharged. She was living in Detroit preparatory to seeking a divorce from her husband. Heikkila, who is held on charges of manslaughter, was to have married her following the divorce proceedings. Mrs. Beyer was but 19 years old.

OVER \$250,000 CONCRETE PAVING

Total of 101,610.9 Yards Laid in
Brainerd From Years 1917 to
1922 Inclusive

ENGINEER CAMPBELL'S REPORT

Era of Improved Heavily Traveled
Highways is Reflected in
Brainerd

The following is an interesting report made to the city council at its Monday night meeting by City Engineer Robt. T. Campbell. It has to do with the history of Brainerd's concrete paving, beginning with the work done in 1910 and closing with the 1922 construction.

A total of 101,610.9 square yards of concrete paving have been constructed during the years 1917 to 1922 inclusive, at a cost of \$295,537.16, which added to the work done previous to 1917 gives Brainerd a very good showing in street improvements. Mr. Campbell's report follows:

"The era of improving heavily traveled highways and city streets, which is prevalent over the entire country, is reflected in Brainerd."

"Beginning in 1910, our city has paved or repaved certain portions of our streets. Two blocks on North Seventh street from Main to Juniper, and one block on So. 7th from Laurel to Maple were paved with concrete in 1910. Thus began the so-called type of hard surface paving. Gradually it has replaced our sand and macadam paved streets.

"This concrete paving has largely been laid since the revision of the city charter which provided for the repaving of macadam streets. The further provision of the charter regarding the paving of the center one-third strip on such streets by the city as a whole also hastened the completion of the above program. Excepting the paving laid in 1917, all of the above paving averages seven and one quarter inches in thickness and is reinforced with steel in conformity with recent engineering practice. The mixtures used was one part cement, two parts sand and three and one-half parts gravel or crushed rock."

"Previous to 1917, from 1910 to 1916 inclusive, there was laid approximately 73,000 square yards of concrete paving. This paving, together with that laid in 1917, was constructed of bank run gravel, averaging six inches in thickness, mixed one part cement to three parts of gravel. Due to the excellent wearing quality of the local bank run gravel, this paving has withstood the knocks of modern traffic remarkably well. Another feature which bears upon the condition of our paving is the fact that the sand subgrade allows the surface water to drain away quickly. This prevents any heaving due to frost action.

"The cost of the concrete paving in Brainerd represents, besides the actual paving, the following classes of work, all carried out, however, in conjunction with certain paving projects; grading of roadway, drainage systems for surface water, laying of portions of sidewalk, construction of new curbs, raising and replacing of old curbs, engineering work and inspection, and the preparation of assessment rolls. In cases where bond issues are necessary, the necessary work in connection thereto is charged against the improvement also.

"The cost of concrete paving in Brainerd, beginning in 1917, is \$295,537.16. In order to carry this to completion, interested property owners paid in cash at the completion of different projects the sum of \$62,188.42. It was this kind of co-operation that has given Brainerd its present large amount of paving. To the above amount should be added \$109,500, covering the estimated cost of the paving laid in the years 1910 to 1916 inclusive. This brings the total value of the concrete paving in Brainerd to \$467,225.58.

"Up to 1921 no maintenance had been made on concrete streets. During June and July of that year there was expended \$1,200 in filling cracks and worn places with a mixture of Tarvia and gravel in various sizes. The undertaking was accomplished in a successful manner and added many years of usefulness to the existing paving. Such maintenance should be done annually in order to conserve the quality and appearance of the paving.

"The cost of concrete paving in Brainerd is not wholly being paid for by the tax payers of the city. The state of Minnesota, functioning through the Board of County Commissioners, refunded \$37,006.27, representing the cost of an eighteen

foot strip along the center line of Oak street."

"Due to the fact, also, that Oak street is an arterial street and carrying much traffic, the Board of County Commissioners of Crow Wing county donated \$3,000 toward the improvement of this street. A like amount was also appropriated by the Board toward the paving of South Sixth street, and \$600 toward the repaving of Laurel street from the Mississippi river bridge to South Fifth street.

"An idea of the extent of the concrete paving in Brainerd is obtained by regarding it as a roadway eighteen feet in width. If such were the case, Brainerd's concrete paving would extend a distance of sixteen and one-half miles. Measured in terms of lineal miles, the present length is eight miles."

The following paving has been completed in Brainerd in the past six years:

During the year 1917: N. 7th street between Juniper and N. Bluff Ave., N. 8th street between Kingwood and N. Bluff, Holly street between N. 3rd and N. 5th, N. Bluff Ave., and Fir street between N. 3rd and N. 9th streets, Juniper street between N. 2nd and N. 4th streets.

During the year 1920: Kindred street between Gillis Ave. and Third Ave., Kingwood street between N. 8th and E. Bluff Ave., Oak street between S. 6th and Nineteenth streets. (Completed in 1921.)

During the year 1921: Laurel street between S. 7th and S. 8th, S. 7th between Front and Laurel streets, Front street between S. 5th and S. 8th.

During the year 1922: South 6th street from a point half a block south of Laurel street to Willow street, Laurel street between Mississippi river bridge and S. 5th street, 8th street between Kingwood and Laurel streets, S. 5th street between Front and Laurel streets, and the intersections of North Fourth and Kingwood streets, and North Fourth and Holly streets.

IN MASONIC CIRCLES

Event Thursday Evening Includes
Musical and Informal
Dance

Elaborate preparations have been completed for one of the finest Masonic social events of the year, which will be held Thursday evening, April 19th, at the lodge parlors.

All of the local Masonic bodies, the Blue Lodge, Royal Arch, Knights Templar and Eastern Star have united to make this function a big success. Invitations have been sent out to members of these organizations and their families, but the committee in charge wishes it understood that there is always danger of some being overlooked, and that all Masons and their families are urged to attend, whether or not they received an invitation. This applies to visiting as well as local members.

The festivities will start promptly at eight o'clock, with a musical program, the numbers of which the committee is keeping as a surprise. Following this program, the floors will be cleared and the balance of the evening devoted to dancing.

With the advent of spring and warmer weather, it will be impossible to hold many more social evenings, which is only another way of saying that everyone eligible should take full advantage of Thursday evenings program and be present in large numbers.

ROAD NEWS

Tuesday's warm weather worked wonders with the 13th street road south of the pavement and further good work was done in dragging the same, thus ridding the road bed of much mud and water. The highway is necessarily very slow because of the gravel heaped up on the east side of the thoroughfare which blocks the water from running off on that side.

Turcotte Brothers large new truck hauled two tons of cement out on the Gull lake road Tuesday to the Gull lake dam and had no trouble. It is reported the road is in fair shape as far north as Backus.

Some dragging should be done on Mill street and Ash avenue.

On Sunday the range road from the Oak street pavement on was a sea of mud for a couple of miles. Miss Himrod publisher of the Iron-News, managed to get her car through, but the mud swished up to the running board.

The state highway department has placed a motor patrol on trunk highway No. 37 between Little Falls and Randall, according to County Engineer J. E. Viner of Little Falls. The patrol consists of a large truck and two men and will be on duty throughout the summer, keeping that piece of road in the best condition possible.

WORK ON BRIDGE TO START SOON

Structure to Span Mississippi North
of Crosby on Crosby-Emily
Road

MPLS. BRIDGE CO. TO BUILD IT

Builders Representative Looking Up
Gravel Supply, Spur Track,
Etc.

Spring activities are being lined up in the county highway department, chief among them is the construction of the new bridge across the Mississippi river north of Crosby on the newly completed Crosby-Emily road.

This bridge is to be built by the Minneapolis Bridge Co., and one of this company's men, a Mr. Halstead, arrived in Brainerd Monday night, and left for Crosby Tuesday morning to look over the bridge site, make arrangements for the use of a spur track which extends to within a mile of the river, and look up gravel supplies, etc.

If the present good weather continues, Mr. Halstead states that work on this bridge will begin inside of the next two weeks, and it is expected will be completed within three months.

G. M. Stoughton, who has done considerable work for the county highway department, will be the inspector on the bridge work, and will see that the county's interests are taken care of.

In the completion of this bridge negotiations extending over a year will materialize. A great deal of red tape was necessary before the contract could be let. Plans for the structure had to be sent in to the United States War Department, and receive its O. K. and permission to erect the bridge at the proposed crossing.

This new bridge will be the connecting link between the range towns and the territory north of the river, which extends beyond the Emily country into Cass county. Excellent roads should bring a great deal of both farm and tourist trade to Crosby and Ironton, and through them to Brainerd.

GOOD WILL WORK

Operations of This Branch of M. E.
Church Activity Suspended For
The Present

(Contributed)

The executive committee of the Good Will is very sorry to announce that on account of insufficient materials, this worthy work is suspended indefinitely.

However through the spring and summer months, clothing, articles of furniture, etc., will be gladly accepted as usual, and a telephone call to Mrs. James Shaw, will promptly bring some one to your home to receive anything you may have to donate.

By this means it is hoped that the work may be opened up again in the fall. So kindly bear this in mind during house cleaning time and all times whenever any useful article is to be discarded, because in no other way can the local Good Will be maintained.

The committee desires to thank all the good folks who have helped to make this organization the success it has been in the past, and also wishes to thank the local Red Cross for the use of the sewing machine loaned the Good Will last year.

Circle No. 2

Circle No. 2, known as the Butterfly Circle of the Methodist church, will hold its regular meeting Thursday afternoon, April 19, in the dining rooms of the church. Mrs. Dan Martin and Mrs. Russell Fitzsimmons, entertaining. All members are urged to attend. Visitors are welcome.

Birthday Club

The Birthday club of the Swedish Bethany church will meet with Mrs. John Erickson, 1306 Oak St., S. E., on Thursday afternoon at 2:30. All members are urged to attend.

MRS. FRANK PROSSER DIED

Complications Caused Her Death
Tuesday Evening at a Local
Hospital

Mrs. Frank Prosser died at 9:30 Tuesday evening at a local hospital, death resulting from complications. Minnesota Jones was born at Rail Prairie, Morrison County, June 16th, 1886, the daughter of Mr. and Mrs. Wm. M. Jones.

Since marrying Mr. Prosser her home has been on the farm near the mouth of the Crow Wing river, southwest of Brainerd.

Beside her husband and mother, deceased is survived by one daughter.

Funeral arrangements have not been completed, but will be announced later. It is probable that interment will be made in the cemetery at Ft. Ripley.

Stark Thompson

A very pleasing wedding took place this afternoon at the parsonage of the Bethlehem Lutheran church, 717 South 7th street, when Miss Ellen Olina Thompson became the wife of Oliver Stark. The ring ceremony was used, Rev. O. S. Winther officiating.

The bridesmaids were Miss Anna Thompson and Miss Alma Thompson, sisters of the bride, and the best men were Harold Erickson and Henry Albertson.

The bride was attired in a beautiful pearl gray gown, trimmed with silver lace, and carried a bouquet of butterfly roses. Both the bridesmaids wore dark blue canton crepe gowns and carried sweet peas.

The young couple are well known and popular young people of South Long Lake. The groom has been employed in Crosby for some time.

The bride is the daughter of Torkel Thompson, a well known and prosperous farmer of South Long Lake. A wedding dinner was given at the home of Torkel Thompson at 6 o'clock.

After a short honeymoon, the young couple will make their home in Crosby. Their many friends wish them God speed and happiness in their wedded life.

Swedish Baptist Ladies Aid

The Ladies Aid of the Swedish Baptist church will meet tomorrow afternoon at 2:30 o'clock in the church basement. All members are urged to come and others are invited.

Bethlehem Lutheran Ladies Aid

The Ladies Aid of the Bethlehem Lutheran church will meet tomorrow afternoon in the church parlors, and will be entertained by Mrs. P. M. Zakariassen. Everybody welcome.

First Baptist Church

It has been suggested that the prayer meeting of the First Baptist church be carried into the special services held in the Swedish Baptist church Thursday evening. We are glad to accept this invitation from the Swedish church and urge every member of church and congregation as far as possible to attend the service there. That means there will be no meeting at the First Baptist church Thursday evening. The Rev. Mr. Johnson of Fergus Falls will preach. The meetings continue of much interest. Arthur C. Smith, pastor.

OVER \$250,000 CONCRETE PAVING

Total of 101,610.9 Yards Laid in
Brainerd From Years 1917 to
1922 Inclusive

ENGINEER CAMPBELL'S REPORT

Era of Improved Heavily Traveled
Highways is Reflected in
Brainerd

The following is an interesting report made to the city council at its Monday night meeting by City Engineer Robt. T. Campbell. It has to do with the history of Brainerd's concrete paving, beginning with the work done in 1910 and closing with the 1922 construction.

A total of 101,610.9 square yards of concrete paving have been constructed during the years 1917 to 1922 inclusive, at a cost of \$295,537.16, which added to the work done previous to 1917 gives Brainerd a very good showing in street improvements. Mr. Campbell's report follows:

"The era of improving heavily traveled highways and city streets, which is prevalent over the entire country, is reflected in Brainerd."

"Beginning in 1910, our city has paved or repaved certain portions of our streets. Two blocks on North Seventh street from Main to Juniper, and one block on So. 7th from Laurel to Maple were paved with concrete in 1910. Thus began the so-called type of hard surface paving. Gradually it has replaced our sand and macadam paved streets."

"This concrete paving has largely been laid since the revision of the city charter which provided for the repaving of macadam streets. The further provision of the charter regarding the paving of the center one-third strip on such streets by the city as a whole also hastened the completion of the above program. Excepting the paving laid in 1917, all of the above paving averages seven and one quarter inches in thickness and is reinforced with steel in conformity with recent engineering practice. The mixtures used was one part cement, two parts sand and three and one-half parts gravel or crushed rock."

"Previous to 1917, from 1910 to 1916 inclusive, there was laid approximately 73,000 square yards of concrete paving. This paving, together with that laid in 1917, was constructed of bank run gravel, averaging six inches in thickness, mixed one part cement to three parts of gravel. Due to the excellent wearing quality of the local bank run gravel, this paving has withstood the knocks of modern traffic remarkably well. Another feature which bears upon the condition of our paving is the fact that the sand subgrade allows the surface water to drain away quickly. This prevents any heaving due to frost action."

"The cost of the concrete paving in Brainerd represents, besides the actual paving, the following classes of work, all carried out, however, in conjunction with certain paving projects: grading of roadway, drainage systems for surface water, laying of portions of sidewalk, construction of new curbs, raising and replacing of old curbs, engineering work and inspection, and the preparation of assessment rolls. In cases where bond issues are necessary, the necessary work in connection thereto is charged against the improvement also."

"The cost of concrete paving in Brainerd, beginning in 1917, is \$295,537.16. In order to carry this to completion, interested property owners paid in cash at the completion of different projects the sum of \$62,188.42. It was this kind of co-operation that has given Brainerd its present large amount of paving. To the above amount should be added \$109,500, covering the estimated cost of the paving laid in the years 1910 to 1916 inclusive. This brings the total value of the concrete paving in Brainerd to \$467,225.58."

"Up to 1921 no maintenance had been made on concrete streets. During June and July of that year there was expended \$1,200 in filling cracks and worn places with a mixture of Tarvia and gravel in various sizes. The undertaking was accomplished in a successful manner and added many years of usefulness to the existing paving. Such maintenance should be done annually in order to conserve the quality and appearance of the paving."

"The cost of concrete paving in Brainerd is not wholly being paid for by the tax payers of the city. The state of Minnesota, functioning through the Board of County Commissioners, refunded \$37,006.27, representing the cost of an eighteen-

foot strip along the center line of Oak street."

"Due to the fact, also, that Oak street is an arterial street and carrying much traffic, the Board of County Commissioners of Crow Wing county donated \$3,000 toward the improvement of this street. A like amount was also appropriated by the Board toward the paving of South Sixth street, and \$600 toward the repaving of Laurel street from the Mississippi river bridge to South Fifth street."

"An idea of the extent of the concrete paving in Brainerd is obtained by regarding it as a roadway eighteen feet in width. If such were the case, Brainerd's concrete paving would extend a distance of sixteen and one-half miles. Measured in terms of lineal miles, the present length is eight miles."

The following paving "has been completed in Brainerd in the past six years:

During the year 1917: N. 7th street between Juniper and N. Bluff Ave., N. 8th street between Kingwood and N. Bluff, Holly street between N. 3rd and N. 5th, N. Bluff Ave., and Fir street between N. 3rd and N. 9th streets, Juniper street between N. 2nd and N. 4th streets.

During the year 1920: Kindred street between Gillis Ave., and Third Ave., Kingwood street between N. 8th and E. Bluff Ave., Oak street between S. 6th and Nineteenth streets. (Completed in 1921.)

During the year 1921: Laurel street between S. 7th and S. 8th, S. 7th between Front and Laurel streets, Front street between S. 5th and S. 8th.

During the year 1922: South 6th street from a point half a block south of Laurel street to Willow street, Laurel street between Mississippi river bridge and S. 5th street, 8th street between Kingwood and Laurel streets, S. 5th street between Front and Laurel streets, and the intersections of North Fourth and Kingwood streets, and North Fourth and Holly streets.

IN MASONIC CIRCLES

Event Thursday Evening Includes
Musical and Informal
Dance

Elaborate preparations have been completed for one of the most Masonic social events of the year, which will be held Thursday evening, April 19th, at the lodge parlors.

All of the local Masonic bodies, the Blue Lodge, Royal Arch, Knights Templar and Eastern Star have united to make this function a big success. Invitations have been sent out to members of these organizations and their families, but the committee in charge wishes it understood that there is always danger of some being overlooked, and that all Masons and their families are urged to attend, whether or not they received an invitation. This applies to visiting as well as local members.

The festivities will start promptly at eight o'clock, with a musical program, the numbers of which the committee is keeping as a surprise. Following this program, the floors will be cleared and the balance of the evening devoted to dancing.

With the advent of spring and warmer weather, it will be impossible to hold many more social evenings, which is only another way of saying that everyone eligible should take full advantage of Thursday evenings program and be present in large numbers.

ROAD NEWS

Tuesday's warm weather worked wonders with the 13th street road south of the pavement and further good work was done in dragging the same, thus ridding the road bed of much mud and water. The highway is necessarily very slow because of the gravel heaped up on the east side of the thoroughfare which blocks the water from running off on that side.

Turcotte Brothers large new truck hauled two tons of cement out on the Gull lake road Tuesday to the Gull lake dam and had no trouble. It is reported the road is in fair shape as far north as Backus.

Some dragging should be done on Mill street and Ash avenue.

On Sunday the range road from the Oak street pavement on was a sea of mud for a couple of miles. Miss Himmred publisher of the Iron-ton News, managed to get her car through, but the mud swashed up to the running board.

The state highway department has placed a motor patrol on trunk highway No. 37 between Little Falls and Randall, according to County Engineer J. E. Viner of Little Falls. The patrol consists of a large truck and two men and will be on duty throughout the summer, keeping that piece of road in the best condition possible.

WORK ON BRIDGE TO START SOON

Structure to Span Mississippi North
of Crosby on Crosby-Emily
Road

MPLS. BRIDGE CO. TO BUILD IT

Builders Representative Looking Up
Gravel Supply, Spur Track,
Etc.

Spring activities are being lined up in the county highway department, chief among them is the construction of the new bridge across the Mississippi river north of Crosby on the newly completed Crosby-Emily road.

This bridge is to be built by the Minneapolis Bridge Co., and one of this company's men, a Mr. Halstead, arrived in Brainerd Monday night, and left for Crosby Tuesday morning to look over the bridge site, make arrangements for the use of a spur track which extends to within a mile of the river, and look up gravel supplies, etc.

If the present good weather continues, Mr. Halstead states that work on this bridge will begin inside of the next two weeks, and it is expected will be completed within three months.

G. M. Stoughton, who has done considerable work for the county highway department, will be the inspector on the bridge work, and will see that the county's interests are taken care of.

In the completion of this bridge negotiations extending over a year will materialize. A great deal of red tape was necessary before the contract could be let. Plans for the structure had to be sent in to the United States War Department, and receive its O. K. and permission to erect the bridge at the proposed crossing.

This new bridge will be the connecting link between the range towns and the territory north of the river, which extends beyond the Emily country into Cass county. Excellent roads should bring a great deal of both farm and tourist trade to Crosby and Iron-ton, and through them to Brainerd.

GOOD WILL WORK

Operations of This Branch of M. E.
Church Activity Suspended For
The Present
(Contributed)

The executive committee of the Good Will is very sorry to announce that on account of insufficient materials, this worthy work is suspended indefinitely.

However through the spring and summer months clothing, articles of furniture, etc., will be gladly accepted as usual, and a telephone call to Mrs. James Shaw, will promptly bring some one to your home to receive anything you may have to donate.

By this means it is hoped that the work may be opened up again in the fall.

So kindly bear this in mind during house cleaning time and all times whenever any useful article is to be discarded, because in no other way can the local Good Will be maintained.

The committee desires to thank all the good folks who have helped to make this organization the success it has been in the past, and also wishes to thank the local Red Cross for the use of the sewing machine loaned the Good Will last year.

Circle No. 2

Circle No. 2, known as the Butterfly Circle of the Methodist church, will hold its regular meeting Thursday afternoon, April 19, in the dining rooms of the church. Mrs. Dan Martin and Mrs. Russell Fitzsimons entertaining. All members are urged to attend. Visitors are welcome.

Birthday Club

The Birthday club of the Swedish Bethany church will meet with Mrs. John Erickson, 1306 Oak St., S. E., on Thursday afternoon at 2:30. All members are urged to attend.

MRS. FRANK PROSSER DIED

Complications Caused Her Death
Tuesday Evening at a Local
Hospital

Mrs. Frank Prosser died at 9:30 Tuesday evening at a local hospital, death resulting from complications. Minnesota Jones was born at Rail Prairie, Morrison County, June 16th, 1886, the daughter of Mr. and Mrs. Wm. M. Jones.

Since marrying Mr. Prosser her home has been on the farm near the mouth of the Crow Wing river, southwest of Brainerd.

Beside her husband and mother, deceased is survived by one daughter.

Funeral arrangements have not been completed, but will be announced later. It is probable that interment will be made in the cemetery at Ft. Ripley.

Stark Thompson

A very pleasing wedding took place this afternoon at the parsonage of the Bethlehem Lutheran church, 717 South 7th street, when Miss Ellen Olina Thompson became the wife of Oliver Stark. The ring ceremony was used, Rev. O. S. Winter officiating.

The bridesmaids were Miss Anna Thompson and Miss Alma Thompson, sisters of the bride, and the best men were Harold Erickson and Henry Albertson.

The bride was attired in a beautiful pearl gray gown, trimmed with silver lace, and carried a bouquet of butterfly roses. Both the bridesmaids wore dark blue canton crepe gowns and carried sweet peas.

The young couple are well known and popular young people of South Long Lake. The groom has been employed in Crosby for some time.

The bride is the daughter of Torkel Thompson, a well known and prosperous farmer of South Long Lake. A wedding dinner was given at the home of Torkel Thompson at 6 o'clock.

After a short honeymoon, the young couple will make their home in Crosby. Their many friends wish them God speed and happiness in their wedded life.

Swedish Baptist Ladies Aid

The Ladies Aid of the Swedish Baptist church will meet tomorrow afternoon at 2:30 o'clock in the church basement. All members are urged to come and others are invited.

Bethlehem Lutheran Ladies Aid

The Ladies Aid of the Bethlehem Lutheran church will meet tomorrow afternoon in the church parlors, and will be entertained by Mrs. P. M. Zakariassen. Everybody welcome.

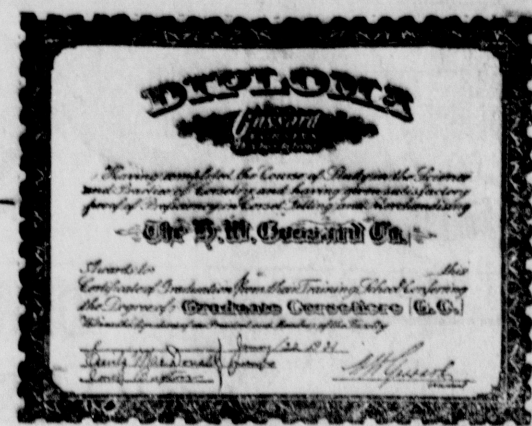

First Baptist Church

It has been suggested that the prayer meeting of the First Baptist church be carried into the special services held in the Swedish Baptist

church Thursday evening. We are glad to accept this invitation from the Swedish church and urge every member of church and congregation as far as possible to attend the service there. That means there will be no meeting at the First Baptist church Thursday evening. The Rev. Mr. Johnson of Fergus Falls will preach. The meetings continue of much interest. Arthur C. Smith, pastor.

Scientist's Idea of Seal's Origin.

Prof. O. Abel, while admitting that the primitive history of the seal is obscure, says the most probable supposition is that these creatures originated from bears.

What this diploma means to the women of Brainerd

first—

It means that the women of Brainerd may receive at this corset department the authoritative advice of three highly trained corset experts. This service places you under no obligation. It is free to all of our patrons.

third—

The new Season's Fashions ask for a natural, graceful figure that can only be attained by the most careful corseting. This subtle relation between Gossards and the new mode can be convincingly demonstrated by our corset experts.

second—

Our graduate corsetieres are not only specially trained in all branches of corset fitting, but have made a careful study of the prevailing fashions in all branches of women's apparel.

fourth—

A special course in medical fittings enables them to give competent attention to any special corseting which a physician may prescribe. They will serve you at the department, at the doctor's office or at your home.

fifth—

This diploma assures the women of Brainerd that they will find at this corset department that complete understanding of modern hygienic corsetry that guarantees them the ideal proportions of their figure types, with priceless comfort and safeguarded health.

Let our Graduate Corsetieres serve you—you'll notice the difference at once

Phone for an appointment—Preferably a morning appointment.

Painting Profits on Your Home

Paint does more than increase the attractiveness of your buildings.

It is also your protection against the weather—against the sun and rain of summer; the snow and frost of winter—insuring that these devastating elements will not start decay because decay starts at the surface.

"Save the Surface and You Save All"

Gilt Edge Paint Products are best for this purpose. They are made of just the right proportions of pure linseed oil, white lead, zinc oxide, a drier to make them set quickly, and colors that have been tested by years of actual outside use. Weigh your paint.

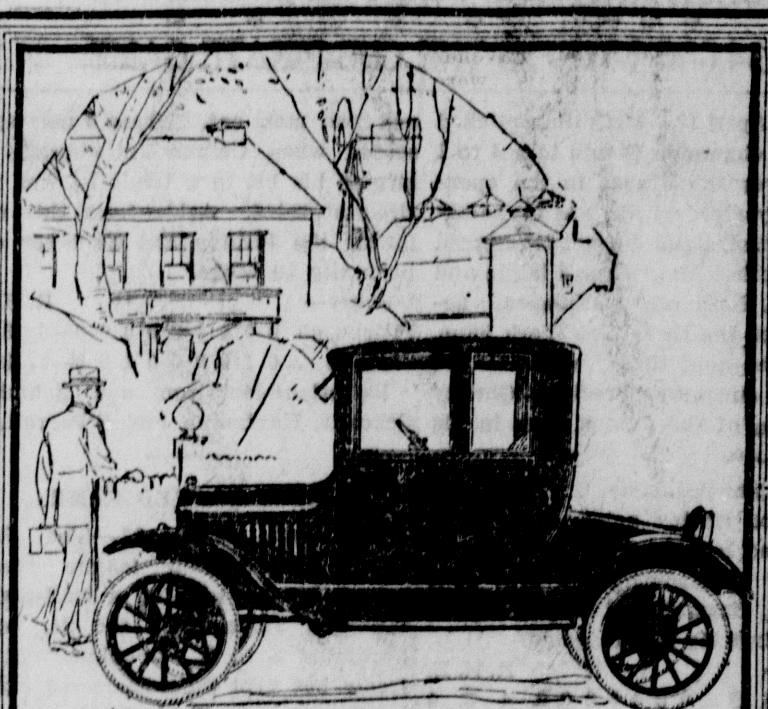

House Paint \$3.50 Gallon
Outside White Paint..... \$3.75 Gallon
Weight 19 1/2 lbs. including can.

Inside Paint

There is also a complete line of Gilt Edge products for painting walls and furniture and for varnishing and staining floors, woodwork, and furniture. These come in a great variety of colors and finishes from which you can readily find something to suit your taste.

SPORTS

"SAY IT WITH CEMENT!" CENTER'S SLOGAN

By HENRY L. FARRELL
United Press Sports Editor

New York, April 18.—Little Center College, from the hills of Kentucky, is spectacular in everything it does. That is one large reason why Center is no longer little. With a spectacular football team that appealed in every way to the imagination, Center blazed her name in big letters all over the country and her team grew right out of Danville.

Center is going out after a new stadium and the college leaders are going about getting it in the same spectacular way. A campaign slogan of: "Say it with cement" was adopted, and friends were asked to "kick in" with a barrel or two. More than \$20,000 was raised around Danville, but that will not be enough.

"Uncle Charley" Moran, the football coach, who mends the shoes of his boys and sews their uniforms, went about the new project with the same vim and enthusiasm. Uncle Charley and his footballers did all the grading of the field and they are going to do as much in the actual construction of the stadium as they can.

Approximately 18,000 barrels of cement will be needed to build the stadium, and it comes at \$3.15 a barrel. One section costs \$500. The "Praying Colonels" want some of their friends in the east to:

"Say it with cement."

Ping Bodie used to be one of the "eatnest" ball players in the big leagues when he was playing the outfield and clowning with the New York Yankees. His talent at the table once led a humorist among the baseball writers to propose a spaghetti eating contest, in which he would back Ping against all comers.

Ping heard about it after he had left the big leagues and was playing out on the Pacific Coast and his warm Latin blood boiled with indignation. "I eat less than anyone on our ball club. Ask Essick (the manager). He allows me three bucks a day for grub and I only spend one."

If the price of spaghetti is not higher in California than it is around Little Italy in New York, Ping could get enough yards of the dish for a buck to founder a couple of less ravenous appetites.

GROH'S HITTING WINS FOR THE GIANTS 34,000 WITNESS THE CUB-PIRATE GAME

Boston, April 18.—McQuillan pitched and two men out. Three runs were scored when Grimm attempted to stretch his hit to a triple he was retired at third. Aside from this one inning the Pirates had no other opportunity to score.

Score— R. H. E.
Pittsburgh 0 0 0 3 0 0 0 0—3 3 2
Chicago 0 0 1 0 0 0 0 1—2 8 1
Batteries—Morrison and Schmidt; Osborne, Kaufmann and O'Farrell.

Commissioner Landis, Governor Cox and Mayor Curley acted as catcher, pitcher and batter respectively, in the ceremony of throwing the first ball. O'Connell, Bagwell and Conlon played in their first big league game.

Score— R. H. E.
New York 1 1 0 0 0 2 0 0—4 8 4
Boston 0 0 1 0 0 0 0 0—1 4 3
Batteries—McQuillan and Snyder; McNamara, Marquard and O'Neill.

GAME ENDS TIE

Brooklyn, April 18.—Brooklyn and Philadelphia battled 14 innings to a 5-5 tie to open the season here yesterday. Fuether, who beat the Philadelphians seven straight last season, went the entire 14 innings. The visitors used four pitchers. Hubbell had a three-run lead up to the sixth, when the Dodgers bunched three singles, filling the bases with one out. Mitchell, last season with Brooklyn, relieved Hubbell. A sacrifice fly, two passes and a scratch hit by Ruether, tied the score and sent Mitchell to the showers.

Winters and Betts blanked the Dodgers during the remainder of the game, although the latter had 10 men left on bases during this stage and 15 altogether.

Score— R. H. E.
Philadelphia 1 0 0 2 2 0 0 0 0 0 0 0—5 9 4
Brooklyn 1 0 0 1 3 0 0 0 0 0 0 0—5 13 4
Batteries—Hubbell, Mitchell, Winters, Betts and Henline; Ruether and Deberry.

RECORD CROWD

Chicago, April 18.—Between 33,000 and 34,000 persons, the largest crowd on record to witness an opening game in Chicago, packed the reconstructed Chicago Nationals' ball park today and saw Pittsburgh win the first game of the season from Chicago, 3 to 2.

The visitors won the game in the fourth inning, when Grimm uncorked a double to right with the bases full

DEMPSEY FIGHT IS ASSURED, SAYS KANE

MANAGER OF TOMMY GIBBONS SURE THAT BOIT WILL TAKE PLACE AT SHELBY

Salt Lake City, April 18.—Although no contract has been signed the proposed bout between Jack Dempsey, heavyweight champion and Tommy Gibbons of St. Paul, at Shelby, Mont., on July 4 next is "virtually assured" according to announcement here last night by Eddie Kane, manager of Gibbons.

Kane, who declined to give out any details on the terms of the proposed match made his announcement, he said, after a long distance telephone conversation with Jack Kearns, manager of Dempsey, at Oakland, Calif. Kane said there would be an announcement today in connection with the negotiations for the match.

Loy J. Molumby, state commander of the American Legion in Montana and Mike Collins, are here working on the Shelby proposals. The bout, according to Commander Molumby, will be staged by the Shelby Post of the American Legion.

"SAY IT WITH CEMENT!" CENTER'S SLOGAN

By HENRY L. FARRELL
United Press Sports Editor

New York, April 18.—Little Center College, from the hills of Kentucky, is spectacular in everything it does. That is one large reason why Center is no longer little. With a spectacular football team that appeared in every way to the imagination, Center blazed her name in big letters all over the country and her team grew right out of Danville.

Center is going out after a new stadium and the college leaders are going about getting it in the same spectacular way. A campaign slogan of: "Say it with cement" was adopted, and friends were asked to "kick in" with a barrel or two. More than \$20,000 was raised around Danville, but that will not be enough.

"Uncle Charley" Moran, the football coach, who mends the shoes of his boys and sews their uniforms, went about the new project with the same vim and enthusiasm. Uncle Charley and his footballers did all the grading of the field and they are going to do as much in the actual construction of the stadium as they can.

Approximately 18,000 barrels of cement will be needed to build the stadium, and it comes at \$3.15 a barrel. One section costs \$500. The "Praying Colonels" want some of their friends in the east to:

"Say it with cement!"

Ping Bodie used to be one of the "catinest" ball players in the big leagues when he was playing the outfield and clowning with the New York Yankees. His talent at the table once led a humorist among the baseball writers to propose a spaghetti eating contest, in which he would back Ping against all comers.

Ping heard about it after he had left the big leagues and was playing out on the Pacific Coast and his warm Latin blood boiled with indignation. "I eat less than anyone on our ball club. Ask Essick (the manager). He allows me three bucks a day for grub and I only spend one."

If the price of spaghetti is not higher in California than it is around Little Italy in New York, Ping could get enough yards of the dish for a buck to founder a couple of less ravenous appetites.

GROH'S HITTING WINS FOR THE GIANTS 34,000 WITNESS THE CUB-PIRATE GAME

Boston, April 18.—McQuillan pitched the world champion Giants to a 4 to 1 victory over the Braves in the opening game yesterday. He was hit safely only four times and did not let ragged support bother him. Groh's triple and home run, both off McNamara, accounted for the three New York runs. Despite the cold there were 16,000 present to encourage President Christy Methewson of the Boston club in his new venture.

Commissioner Landis, Governor Cox and Mayor Curley acted as catcher, pitcher and batter respectively, in the ceremony of throwing the first ball. O'Connell, Bagwell and Conlon played in their first big league game.

Score—R. H. E.
New York 11 0 0 0 0 2 0 0—4 8 4
Boston 0 0 1 0 0 0 0 0—1 4 3
Batteries—McQuillan and Snyder; McNamara, Marquard and O'Neill.

GAME ENDS TIE

Brooklyn, April 18.—Brooklyn and Philadelphia battled 14 innings to a 5-5 tie to open the season here yesterday. Fuether, who beat the Philadelphia seven straight last season, went the entire 14 innings. The visitors used four pitchers. Hubbell had a three-run lead up to the sixth, when the Dodgers bunched three singles, filling the bases with one out. Mitchell, last season with Brooklyn, relieved Hubbell. A sacrifice fly, two passes and a scratch hit by Ruether, tied the score and sent Mitchell to the showers.

Winters and Betts blanked the Dodgers during the remainder of the game, although the latter had 10 men left on bases during this stage and 15 altogether.

Score—R. H. E.
Philadelphia 1 0 0 2 2 0 0 0 0 0 0 0 0—5 9 4
Brooklyn 1 0 0 0 1 3 0 0 0 0 0 0 0—5 13 4
Batteries—Hubbell, Mitchell, Winters, Betts and Henline; Ruether and Deberry.

RECORD CROWD

Chicago, April 18.—Between 33,000 and 34,000 persons, the largest crowd on record to witness an opening game in Chicago, packed the reconstructed Chicago Nationals' ball park today and saw Pittsburgh win the first game of the season from Chicago, 3 to 2.

The visitors won the game in the fourth inning, when Grimm uncorked a double to right with the bases full

DEMPSEY FIGHT IS ASSURED, SAYS KANE

MANAGER OF TOMMY GIBBONS SURE THAT BOIT WILL TAKE PLACE AT SHELBY

Salt Lake City, April 18.—Although no contract has been signed the proposed bout between Jack Dempsey, heavyweight champion and Tommy Gibbons of St. Paul, at Shelby, Mont., on July 4 next is "virtually assured" according to announcement here last night by Eddie Kane, manager of Gibbons.

Kane, who declined to give out any details on the terms of the proposed match made his announcement, he said, after a long distance telephone conversation with Jack Kearns, manager of Dempsey, at Oakland, Calif. Kane said there would be an announcement today in connection with the negotiations for the match.

Loy J. Molunby, state commander of the American Legion in Montana and Mike Collins, are here working on the Shelby proposals. The bout, according to Commander Molunby, will be staged by the Shelby Post of the American Legion.
